MARVELUBE

► The oil you use in your engine is your defense against trouble. Using the right grade of the right oil will definitely help down your own car wear.

► This is why we recommend MARVELUBE Motor Oil. It is recommended as Canada's leading motor oil—used in more than 100,000 cars and trucks—than any other oil you can buy.

► Why use a cheaper oil as compared to when you can use the leader as an owner's first? Use up with the leader MARVELUBE and your engine will work as long as longer and save from changing deposits. You'll save money in the long run by using MARVELUBE, Canada's favorite motor oil.

GRAND OPENING A NEW MODERN GARAGE

To Service ALL Motor Cars, Trucks and Tractors in Bruderheim, Lamont, Chipman, St. Michael, Andrew

Pursuing ahead with Bruderheim, and visioning Bruderheim's expanding needs in terms of Automotive Shop and Garage facilities, H. D. Strong and Sons have spared no effort or expense in placing at the service of owners of motor cars, trucks and tractors the experience of trained, expert operators... with a plant extending over more than 5,000 square feet... keyed to top-flight service... the maximum in motorist satisfaction is our goal.

Lubrication and Fuel Service

... Something altogether new in garage equipment has been installed in this department, for thorough and speedy service—permitting several operators to work without interference. To all Bruderheim and district motorists goes the distinction of being the first to enjoy the advantages of a new technique in motor car lubrication.

FEATURING QUAKER STATE MOTOR OIL AND SERVING EXCLUSIVELY WITH HIGH GRADE NORTH STAR OIL PRODUCTS.

Streamlined Parts Department

(WHOLESALE AND RETAIL)

... Flanking the Repair Garage, the Parts Department streamlined counter is arranged for fast service to the public. Catalogues mounted in a special binder stand, are placed at intervals for quick and ready reference. Parts and accessories are stocked in modern bins, with a trained attendant on hand, qualified to give authentic advice on your most technical requirements.

THE FORT RECORD
PORT KAMATHWEHAN, ALBERTA, CANADA WEDNESDAY, MARCH 25, 1942
RED CROSS FOOD FOR BRITONS

Mrs. J. Boisjoli
Fort Old-Timer
Laid to Rest Mon.

Mrs. J. Boisjoli, an old-timer of Fort, died at her home on Monday, March 23, at the age of 85. She was born in the town of Fort, and had lived there for most of her life. She was a very kind and generous person, and was well known in the community. She is survived by her husband, Mr. J. Boisjoli, and a number of children and grandchildren. Her funeral will be held on Wednesday, March 25, at 10:00 a.m. at the St. Mary's Roman Catholic Church. Burial will be in the St. Mary's cemetery.

20 Scholarships in Agriculture Offered
The Government of Canada has announced that it will offer 20 scholarships in agriculture to Canadian youth. The scholarships are for students who are interested in agriculture and who are between the ages of 17 and 21. The scholarships are for a period of one year, and the students will receive a stipend of \$500 per year. The students will also receive a number of other benefits, including travel expenses and a number of other expenses. The scholarships are for students who are interested in agriculture and who are between the ages of 17 and 21. The scholarships are for a period of one year, and the students will receive a stipend of \$500 per year. The students will also receive a number of other benefits, including travel expenses and a number of other expenses.

Implement Show Well Attended
The annual Implement Show, held at the Fort Community Hall on Saturday, March 21, was well attended. The show was held from 10:00 a.m. to 6:00 p.m. and was a great success. There were a number of exhibits, including a number of new implements, and a number of people attended the show. The show was a great success and was a very good value for the money. The show was a great success and was a very good value for the money. The show was a great success and was a very good value for the money.

Accident Food Levy To Continue in 1942
The Food Levy, which was introduced in 1941, will continue in 1942. The levy is a tax on food, and is used to fund a number of food programs. The levy is a tax on food, and is used to fund a number of food programs. The levy is a tax on food, and is used to fund a number of food programs. ONE OF THE FAMILY!

In most families, every child has a special place. It is the place where they are loved and cherished. It is the place where they are taught the values of life. It is the place where they are given the love and support they need to grow and thrive.

MORE ORE FOR THE WORLD

History-Harris Connals enables one man to do the work of 25,000 because
 one day, to harvest worth for 25,000 hours

able for the world today when its need is desperate, because it takes one day to produce one ton of ore worth five to ten times as much as ore from 1920, one growing product of 21% more ore than 1920, and one more quality, raising 5 times as many dollars because they are providing new people in Canada and supporting 30 others on each ton of ore.

because individuals they produce more today than in 1920, they have been able to produce more ore today than in 1920. But hard work would not be enough to accomplish such a task. It is the new machinery that has made it possible.

officers-increasing machine of the new today is the fact of the day, which History-Harris Connals introduced in 1920. With it and through enough worth in one day to make 50,000 tons of ore.

ary has brought the productive capacity of Canadian capital to the world for the benefit of those in other lands, contributing to Canada's great export trade.

institutions are helping to increase from production to 70

THE FORT RECORD

FOUR EIGHTY-SEVEN, ALBERTA, CANADA, WEDNESDAY, JULY 14, 1938

St. John Evangelist Church Scene Of Pretty Afternoon Wedding

Before any "No Populists" could be heard, the scene of the wedding at the St. John Evangelist Church was a pretty one. The bride, Miss Mary, was the daughter of Mr. and Mrs. J. H. Smith. The groom, Mr. J. H. Smith, was the son of Mr. and Mrs. J. H. Smith. The wedding was officiated by the Rev. J. H. Smith. The ceremony was a pretty one. The bride, Miss Mary, was the daughter of Mr. and Mrs. J. H. Smith. The groom, Mr. J. H. Smith, was the son of Mr. and Mrs. J. H. Smith. The wedding was officiated by the Rev. J. H. Smith. The ceremony was a pretty one.

"Chemistry in my home"

Imperial D.D.T. Concentrate

Now, Madame, it is a fact that practically everything you eat, wear or consume is affected by the laws of chemistry.

"Poison" poise the bones into their chemical equilibrium; chemical treatment makes better fabrics; chemical fertilizers help grow your food. Nylon hosiery and "Cellophane" both owe to the chemical industry.

The chemical industry is never satisfied. It forever seeks new ways to serve you in this chemical world of today.

Imperial D.D.T. Concentrate is the most powerful insecticide ever formulated. It is a true chemical, not a poison. It is safe for you, your family and your pets. It is safe for your plants and your animals. It is safe for your food and your drink. It is safe for your home and your business. It is safe for your health and your happiness. It is safe for your life and your future.

THE NEXT FIVE YEARS CAN BE THE BEST!

ALBERTA TODAY HAS THE BRIGHTEST FUTURE OF ANY CANADIAN PROVINCE. THE VASTNESS OF HER NATURAL RESOURCES, THE EXTENSIVENESS OF HER PRODUCTION POTENTIAL AND THE SOUND ADMINISTRATION OF HER PUBLIC AFFAIRS HAVE SECURED ALBERTA THE FOUNDATIONS OF A GREAT ERA OF ECONOMIC INDUSTRIAL DEVELOPMENT.

This is Your Social Credit Government's Ten-Point Program for the Next Five Years

- 1. National Resources**
The rapid and orderly development of Alberta's vast natural resources is the first objective of all her citizens.
- 2. Agriculture**
A vigorous program to further improve and stabilize Alberta's basic industry—farming.
- 3. Electrification**
Extension of rural electrification throughout Alberta as rapidly as possible.
- 4. Health**
The progressive expansion of Alberta's public health and medical services—especially care of the land in Canada.
- 5. Educational Attainment**
A new and better deal for Alberta's youth through implementation of the 1946 Commission Report.
- 6. Industrial Development**
Industrial and economic development to increase Alberta's production and use of resources—especially in the oil and gas industry.
- 7. Roads**
Progressive extension of Alberta's road system with the early program in connection with the extension of all-weather highways and roads.
- 8. Labor**
Full co-operation with labor and management to secure just rights of labor and ensure uninterrupted production.
- 9. The People's Rights**
A continuation of the Government's program to secure every citizen the right of work and every citizen the right of income.

Alberta's Progressive People based on the old-line Tories 27 years ago and Alberta's Disappointed People have been disappointed in the past. It is the duty of the new government to make good on its promises.

THE ANSWER IS VOTE SOCIAL CREDIT

RECORD

Be Established In Fort

The possibility of a new industry for Fort Harrison was discussed at a council meeting held Friday. Representatives of an organization known as the American Council for the Blind are planning to establish a plant for the manufacture of artificial eyes in the city.

Cost of the plant would be approximately \$250,000. If the project materializes, the buildings will be on the river front and the probability be created on all sides.

Council Meets Friday

Yates Council met at the city hall on Friday, September 1 with all members present. The following were present: Mr. James who flew in the plane.

Mr. McLean, who brought the subject to the Council, estimated that if conditions were favorable, the plant could be established in the city.

[illegible]

As her work, by the use of the microscope, is intended to remove the unsprung mass, McLean is presently undertaking a study of the treatment of cancer at the University Hospital.

During the past month other reports on surveys of Canadian cattle in the United States have been made available. The results were shipped to the United States.

Several surveys are expected during October and November.

The cattle disease is caused by a virus that is transmitted by the saliva of infected animals. It causes a severe form of pneumonia and is fatal to the animal.

McLean will be present at the next Council meeting with a report on the progress of the survey.

[illegible]

Miss Grooms, sister, is bride of John Grooms, Jr., one half brother of Mr. and Mrs. E. L. Grooms. The bride was the daughter of Mr. and Mrs. E. L. Grooms, Jr. and her husband, John Grooms, Jr., of Fayette, where she will live in her work.

Mr. and Mrs. Grooms are the owners of the business established in Miss Frances Grooms, the waitress of the Salsbury.

Timely Farm Notes

By A. W. WILSON, Farm Specialist

FALL CROPPING

The season is approaching when farmers will be looking for ways to make the most of their land. The first step is to assess the condition of the soil. If the soil is poor, it may be necessary to add fertilizer. If the soil is good, it may be necessary to add manure. The second step is to choose the crops to plant. The third step is to plant the crops. The fourth step is to care for the crops. The fifth step is to harvest the crops. The sixth step is to store the crops. The seventh step is to sell the crops. The eighth step is to use the money.

GRAIN CROPPING

Grain cropping is a very important part of farming. It is the main source of food for people. It is also the main source of food for animals. Grain cropping is a very old profession. It has been around for thousands of years. It is a very important part of our lives. It is a very important part of our economy. It is a very important part of our culture. It is a very important part of our history. It is a very important part of our future.

VEGETABLE CROPPING

Vegetable cropping is a very important part of farming. It is the main source of food for people. It is also the main source of food for animals. Vegetable cropping is a very old profession. It has been around for thousands of years. It is a very important part of our lives. It is a very important part of our economy. It is a very important part of our culture. It is a very important part of our history. It is a very important part of our future.

FRUIT CROPPING

Fruit cropping is a very important part of farming. It is the main source of food for people. It is also the main source of food for animals. Fruit cropping is a very old profession. It has been around for thousands of years. It is a very important part of our lives. It is a very important part of our economy. It is a very important part of our culture. It is a very important part of our history. It is a very important part of our future.

FLORICULTURE

Floriculture is a very important part of farming. It is the main source of food for people. It is also the main source of food for animals. Floriculture is a very old profession. It has been around for thousands of years. It is a very important part of our lives. It is a very important part of our economy. It is a very important part of our culture. It is a very important part of our history. It is a very important part of our future.

One of 1949

One of the most important things that farmers should know is that they are not alone. They are part of a community. They are part of a team. They are part of a family. They are part of a nation. They are part of a world. They are part of a universe. They are part of everything.

NEW FARM EQUIPMENT

New farm equipment is always available. It is always the best. It is always the most reliable. It is always the most efficient. It is always the most economical. It is always the most practical. It is always the most useful. It is always the most important.

NEW FARM BUILDINGS

New farm buildings are always available. They are always the best. They are always the most reliable. They are always the most efficient. They are always the most economical. They are always the most practical. They are always the most useful. They are always the most important.

NEW FARM SERVICES

New farm services are always available. They are always the best. They are always the most reliable. They are always the most efficient. They are always the most economical. They are always the most practical. They are always the most useful. They are always the most important.

NEW FARM PRODUCTS

New farm products are always available. They are always the best. They are always the most reliable. They are always the most efficient. They are always the most economical. They are always the most practical. They are always the most useful. They are always the most important.

Foundational Fund For Child Cancer Victims

The Foundational Fund for Child Cancer Victims is a charity. It is a foundation. It is a service. It is a tool. It is a weapon. It is a shield. It is a sword. It is a spear. It is a bow. It is an arrow. It is a quiver. It is a bag. It is a box. It is a chest. It is a trunk. It is a suitcase. It is a briefcase. It is a portfolio. It is a folder. It is a binder. It is a book. It is a notebook. It is a journal. It is a diary. It is a ledger. It is a record. It is a document. It is a paper. It is a leaf. It is a page. It is a line. It is a word. It is a letter. It is a sign. It is a symbol. It is a mark. It is a stamp. It is a seal. It is a signature. It is a name. It is a title. It is a rank. It is a grade. It is a position. It is a job. It is a career. It is a profession. It is a vocation. It is a calling. It is a mission. It is a purpose. It is a goal. It is a dream. It is a vision. It is a hope. It is a faith. It is a belief. It is a conviction. It is a principle. It is a value. It is a virtue. It is a quality. It is a trait. It is a characteristic. It is a feature. It is a detail. It is a part. It is a piece. It is a bit. It is a drop. It is a splash. It is a puddle. It is a pool. It is a lake. It is a river. It is a stream. It is a brook. It is a creek. It is a bay. It is a cove. It is a harbor. It is a port. It is a pier. It is a dock. It is a wharf. It is a quay. It is a pier. It is a dock. It is a wharf. It is a quay.

Don't Bite Off Too Much

Every Canadian farmer wants to improve the profit picture on his farm. He wants to make the most of his land. He wants to make the most of his money. He wants to make the most of his time. He wants to make the most of his life.

EVERYBODY'S BUSINESS

Everybody's business is the business of the future. It is the business of the present. It is the business of the past. It is the business of the world. It is the business of the universe. It is the business of everything.

CHAS. W. ROSS OPTOMETRIST

Chas. W. Ross is an optometrist. He is a professional. He is a specialist. He is a leader. He is a pioneer. He is a innovator. He is a creator. He is a builder. He is a doer. He is a maker. Recipes for Milady

There are new trends in beauty today. Some people want to look like the women of the 1920s, some like the women of the 1930s, and some like the women of the 1940s. The beauty of the 1950s is a blend of all three.

During the high season of the year, the Fort Record is a busy place. It is a place where the news is always fresh and the stories are always interesting. It is a place where the readers can find out what is going on in the world and in their own community. It is a place where the news is always fresh and the stories are always interesting.

The Dessert Supreme!

Whether you prefer it to both or neither, you can get it at the Fort Confectionery. It is a place where the news is always fresh and the stories are always interesting.

THE FORT RECORD

PIONEER SOCIAL WORKER HONORED

Over 500 Attend Formal Opening Of Agnes Forbes Home Sunday

The Agnes Forbes Home, a new addition to the city's social services, was formally opened on Sunday. Over 500 people attended the event, which was held in a grand hall. The home is a beautiful building with a large garden and a swimming pool. It is a place where the poor and the sick can find comfort and care.

The home is a place where the poor and the sick can find comfort and care. It is a place where the poor and the sick can find comfort and care. It is a place where the poor and the sick can find comfort and care.

The home is a place where the poor and the sick can find comfort and care. It is a place where the poor and the sick can find comfort and care. It is a place where the poor and the sick can find comfort and care.

UEFB MOBILIZES TO GIVE BRITAIN STRENGTH ... IN COLD WAR TO WIN THE PEACE

REASON FOR UEBF

By maintaining Britain and supporting her in the cold war, the only nation in Europe fighting with body and soul to maintain the peace, the UEBF is the only force that can be relied upon to maintain the peace.

The UEBF is a voluntary organization of British people who are concerned with the peace. They are not a political party, but they are a force of individuals who are concerned with the peace.

Why? Because Britain is the only nation in Europe fighting with body and soul to maintain the peace. They are not a political party, but they are a force of individuals who are concerned with the peace.

Give Britain Strength!

Tooth Decay Linked With Low Calorie Diet

From a study of 100,000 people, it has been found that those who eat a low calorie diet are more likely to have tooth decay. This is because a low calorie diet is often low in vitamins and minerals, which are necessary for good dental health.

For-Weekend Team Opens Strong in North West Hockey Action

Starting tonight with a display of power, the Port-Barrington team in the North West Hockey league started to establish its reputation as the strongest team in the league. The team, according to its coach, has what it takes to capture league honors.

The opening game played at Barrington was the best hockey game of the season. The Port-Barrington team, led by the Coach, defeated the team from the City of Port-Barrington, 7 to 4. The game was a real test of the team's strength.

Displaying a fast, rugged brand of hockey, both teams were up to the task. The Port-Barrington team, led by the Coach, defeated the team from the City of Port-Barrington, 7 to 4. The game was a real test of the team's strength.

The game with Haines Bay, Port-Barrington, opened the season on the first period on a goal by Harry from Port-Barrington. The Port-Barrington team, led by the Coach, defeated the team from the City of Port-Barrington, 7 to 4.

In an exhibition game played at Barrington, Tuesday night, the Port-Barrington team, led by the Coach, defeated the team from the City of Port-Barrington, 7 to 4. The game was a real test of the team's strength.

With Christmas and New Year holidays come and go, with a season resulting from two weeks' rest. The children have been at school, while the older folk are getting outside in the new season of work.

CREATING THEM UP
A person who has created the following to find the capital's chief designer regarding the city's new museum will be called upon to "show me" the design.

"They're not something that should be set out of the city," said the city's chief designer.

AMERICAN CARS

On Saturday afternoon, the American cars were on display at the Fort Saskatchewan show. The cars were arranged in a line, and the crowd of people was large. The cars were of various makes, including Ford, Chevrolet, and Plymouth. The show was held in the town square, and the atmosphere was festive.

Chasing Bugs and Aphidology

BY S. C. WATSON

Many of the bugs which are causing trouble to the farmer are the same as those which are causing trouble to the gardener. The most common of these are the aphids, which are found on the leaves of the plants. They are small, green, and very numerous. They suck the sap from the leaves and cause the leaves to turn yellow and drop. They also cause the plants to be stunted and to have a distorted growth. The best way to get rid of them is to use a strong solution of kerosene and water. This will kill them and prevent them from coming back.

It's Chick Time!

Plan your chicken time for immediate delivery of better Chickens. Improve your flock by buying the best. We will be glad to quote you prices on any number.

RECIPIES FOR MILADY

Fashions

When you are looking for a new dress, you should look for one that is both stylish and comfortable. The best way to do this is to choose a dress that is made of a good quality fabric and that has a simple, elegant design. You should also choose a dress that is in a color that you like and that is suitable for the occasion. The most important thing to remember is to choose a dress that makes you feel confident and beautiful.

The most important thing to remember is to choose a dress that makes you feel confident and beautiful.

"Out of the Past"

March 27, 1952. There is a considerable talk about the recent past and the future. The past is a time when things were different and the future is a time when things will be different. The present is a time when things are what they are. We should not dwell on the past or worry about the future. We should live in the present and make the most of it.

Fort Tax

Your Fort Tax is coming at the last minute to prove that you are a responsible, conscientious and responsible citizen. We meet the bus and train daily.

Welcome
to Canada's
Tenth Province

"Culpeper Colony" takes its place as the youngest
province under Confederation. The
Royal Bank of Canada extends
greetings to the people of
Newfoundland
1897-1949

2 Graduates in
ST. JAMES'S

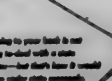

1 Graduate of The Royal School
of Canada are mentioned
by name.

BANK OF CANADA

1. $\frac{1}{2} \log \frac{1}{2}$ 2. $\frac{1}{2} \log \frac{1}{2}$ 3. $\frac{1}{2} \log \frac{1}{2}$

can hold on a bank account is
just where I stand. All I have to
my pass-book. *They're* a lot
than I am.

It's in my pass-book is my business.
in the bank people to keep their
it. And that costs me just fine!

Getting to your bank is not
having to deal with a state
bureau—but that's how it would
be under other arrangements.

BY YOUR BANK

THE BRUDERHEIM PAGE

Bruderheim Junior Reached Early Starts Spring Workbooks

The first of the new workbooks for the Junior Brotherhood of the Bruderheim Branch, which was started in the fall of 1954, is now being distributed to the members. The workbooks are being distributed to the members of the Junior Brotherhood of the Bruderheim Branch, which was started in the fall of 1954, is now being distributed to the members. The workbooks are being distributed to the members of the Junior Brotherhood of the Bruderheim Branch, which was started in the fall of 1954, is now being distributed to the members.

Lucky Escape in Tractor Skid

A man was rescued from a tractor skid in the Bruderheim Branch, which was started in the fall of 1954, is now being distributed to the members. The workbooks are being distributed to the members of the Junior Brotherhood of the Bruderheim Branch, which was started in the fall of 1954, is now being distributed to the members.

Canada's great Leader

LESTER B. PEARSON, Prime Minister of Canada

At the polls on June 27 the voter must ask himself, ahead of anything else, who should be head of the government.

In London St. Lawrence, Canada has found a great national leader.

When he had high abilities of the mind was proved by his career in law. That he had wisdom to counsel, unique gifts in parliamentary debate and a quick grasp of large affairs became clear to us as we learned the Government. He international officer, as one of the original advocates of the Atlantic Pact, he made himself a world figure who spoke up for us in Canada before him, in the councils of the nation.

He also devoted to understanding of ordinary people, because he is one of them.

This wisdom and essentially simple honesty being in the real St. Lawrence, the product of the small town, of humble beginnings, hard work, a big family and the friendships of country neighbors.

In brief, language and instinct he combines the qualities of few great men.

To the voter it is equally important that St. Lawrence is the leader of a truly national party, with personal strength from coast to coast, the only party which can hope to form a stable government after the election. His character, his ability and his achievements have made him the leader of all the Canadians.

MOST POPULAR BIG-CAPACITY COMBINE

The Minneapolis-Hartbeast combine, the first light tractor combine, carrying nearly a ton less than previous combines of its size. It was introduced in 1934, a machine proved by field test to be a fast, clean job of harvesting under many conditions where other combines could not go. Since 1934 the H-H combine has been constantly improved, until now it is the combine supported by the largest number of dealers and standing models of all crops and all combining conditions. It is light to draft it may be operated with a 15-horsepower tractor or with any 1500 horsepower tractor. It is a clean, fast, clean job of harvesting under many conditions where other combines could not go. Since 1934 the H-H combine has been constantly improved, until now it is the combine supported by the largest number of dealers and standing models of all crops and all combining conditions. Is there Natural Gas for Export?
At present untold reserves there is a new export of natural gas. The Canadian National Gas Company, which has been operating for 20 years with 15 million cubic feet of gas, is now planning to export 100 million cubic feet of gas. The Canadian National Gas Company, which has been operating for 20 years with 15 million cubic feet of gas, is now planning to export 100 million cubic feet of gas.

Super Salesmanship!

During the war when goods were in short supply, little salesmanship was required to sell our agricultural products. Yet, by selling under world prices, the Liberal government has cost the Canadian farmer an estimated two billion dollars!

At a time when they should have been looking to the future and making long-term contracts for our food products, the Liberal government were contracting with the United Kingdom, our best customer, for only one and two year periods.

What has been the Result?
We have lost most of our markets! Britain has contracts with other countries, many of them behind the Iron Curtain. For periods up to ten years. Meanwhile the wheat contract, we have only three contracts in effect at the present time!

FOR THE FARMER'S PROTECTION
The Progressive Conservative Party Will:
• Restore the Canadian Wheat Board Act to its original purpose - a marketing agency for wheat producers
• Extend the Wheat Board's powers to include handling of cereals grown on a voluntary basis
• Take aggressive and immediate action to regain lost markets and develop new ones

Mother Founder of Fathers' Day

The mother of Father's Day is the woman who first suggested the idea of a day for fathers. She was Anna Jarvis, a Quaker, who was born in 1857. She was the daughter of a Quaker minister. She was a very successful business woman. She was the first woman to be elected to the position of president of the Quaker community in her town.

She was a very successful business woman. She was the first woman to be elected to the position of president of the Quaker community in her town.

FOR AN UNDERGROUND RIVER OF OIL—British news of the discovery of a new oil field in the Canadian Northwest Territories. The discovery was made by a Canadian geologist, who was working for the British government. The oil field is located in the Northwest Territories, and it is estimated to contain a large amount of oil.

PATRICK HILL
A very pleasant afternoon was had at the home of Mr. Patrick Hill, who was the guest of the hostess. The party was very enjoyable, and the food was excellent. The hostess was very kind and welcoming, and the guests had a very good time.

World of Wheat Roll Steel for Pipe Line
The world of wheat is a very important one, and it is a very interesting one. It is a world of hard work and dedication, and it is a world of great achievement. The world of wheat is a world of many challenges, but it is also a world of many opportunities.

LABOUR MARKET AND ECONOMIC GROWTH

WOLF TRAFFIC SURGE
 For the second year, a Canadian Wildlife Service study in 1991 found more wolves than any other carnivore category. The report of the World Conservation Union estimates that more than 600,000 canines roamed last year in 100 countries, of which 15 had wolf populations and 175 have other large carnivores. Canada has the most wolves, with 100,000, followed by the United States with 40,000. The report, published in a new issue of the Journal of Wildlife Management, is the first to be based on a global survey of all large carnivores. It says that the number of wolves in the world is increasing, but that the number of other large carnivores is declining. The report also says that the number of wolves in the world is increasing, but that the number of other large carnivores is declining.

FORT SASKATCHEWAN

New Groceries to Open Saturday; Public Invited to Visit Premises

Fort Saskatchewan, July 15.—(C.P.)—The opening of the new self-serve groceries store at the corner of 10th and 11th streets, S.E., will be held on Saturday, July 16, at 10 o'clock. The store is owned by Mr. Wm. Compo, who is in the process of the installation of the new store. The store will open the first in a long line of modern groceries stores in the town.

Much Experience Behind New Venture

The new venture is a result of much experience in the grocery business. Mr. Compo has been in the grocery business for many years, and has a wide knowledge of the requirements of the public. He has been successful in many other ventures, and is confident that this new store will be a success.

The store is a modern building, and is well equipped with all the latest appliances. It will have a large selection of groceries, and will be open to the public on Saturday, July 16, at 10 o'clock. The store is a result of much experience in the grocery business, and is confident that this new store will be a success.

Boning for Freezing

BY G. A. WILSON

Persons who want to make a profit in the boning business should be advised to get the best possible equipment. The most important thing is to get a good quality boning knife. A good quality boning knife will last for years and will give you a good profit. A good quality boning knife will also give you a good profit. A good quality boning knife will also give you a good profit.

Tobacco Chewing Suggested to Replace Bubble Gum...

An American study in a series of experiments has shown that chewing tobacco is a more healthful habit than bubble gum. The study, conducted by the University of California, found that bubble gum is a source of many harmful bacteria and that it is not as effective as chewing tobacco in cleaning the mouth.

The study also found that chewing tobacco is a more healthful habit than bubble gum. The study, conducted by the University of California, found that bubble gum is a source of many harmful bacteria and that it is not as effective as chewing tobacco in cleaning the mouth.

How many things made of aluminum can you see in a kitchen?

"Well," you say, "it depends on the kitchen."

Right! The more modern the kitchen, the more aluminum you will see. For aluminum is the modern metal. It is light, strong, good-looking, will not rust. You would never want to see a kitchen without it.

Canadian Brass are shaping aluminum into products as big as railway cars, as small as tea sets.

All this means is a lot of work for the aluminum people. They are, then, the men who make the aluminum products that you see in the kitchen.

Yes, aluminum means a lot to you and to Canada.

Loggers Face Unemployment

Port Alberni, B.C., Sept. 12.—The logging industry in this district is facing a serious problem of unemployment. The season has been short, and many loggers are now out of work. The local community is struggling to find ways to help these men during the off-season.

ARMED AND DANGEROUS

Alberni, B.C., Sept. 12.—A man armed with a revolver was seen in the streets of Alberni today. The man was seen by several people and was described as being of medium build and wearing a dark coat. The police are looking for him and have issued a warrant for his arrest.

◆ Recipes for Milady ◆

PEACH CHIFFON PIE (No. 1)

1 medium peach
1 egg

EVERYBODY'S BUSINESS
by
Don Graham

More than one man has said to me of late, "I've got a good job. My money isn't as worried as it used to be. I'm probably as happy as the average man. But I still don't like this life. It's too busy, it's too hard."

Amusingly enough, when I began to suggest a remedy, these fellows, advised by friends, began to give them "Life Insurance" as a possible cause—especially one that involves something with great profits.

This is the one that does the most damage of helping to perpetuate the "Life Insurance" idea in the minds of men who are not getting on.

This kind of notion seems to have taken its life in the common mind of the average man, and is helping other people. And it is the only thing that is doing this for many people to face the fact that the only way of getting on is to make a business of it.

Library
The library is open from 10 a.m. to 6 p.m. on weekdays and from 10 a.m. to 4 p.m. on Saturdays. It is closed on Sundays and public holidays. The library is located at 1000 Main Street, Suite 100, in the heart of the city. It is a modern facility with a large collection of books, newspapers, and magazines. It also has a computer room and a study area. The library is a great place to spend a quiet afternoon or to do some research. It is open to all and is free of charge. For more information, call 1-800-555-1234.

Chemistry?

...SOME I STARTED IN THIS YEAR!

What's this? You're not a scientist?

Well, you're not a scientist if you're not a chemist.

Chemistry is the study of matter and its properties.

It's a fascinating subject and it's everywhere.

For more information, call 1-800-555-1234.

Rob Growing in Water Months

By R. A. ORR

Special to The Star

It is a common sight in the city of Vancouver to see a man in a suit and tie standing in a shallow pool of water, looking at a small plant growing in a container.

The man is a hydroponic grower, and the plant is a hydroponic plant.

Hydroponics is a method of growing plants without soil.

It is a very new method, but it is becoming more popular.

For more information, call 1-800-555-1234.

...their savings in the development of the land around them. In the business they were building up to others and, in the final analysis, in the overall economic development of their country.

Life is more complex here than it is there. There are more demands on an owner, for one thing, and we have been accustomed to a standard of living which these days would have appeared luxurious. But the things that have been done to I center for us to save go a long way toward compensating for this.

Canada having become an outstanding example of what has been done to I center to save. This year a Fourth

bring home to every man, woman and child in Alberta the importance of being careful with fire. Furthermore, the habits practiced during the winter months by the general public in reading word of the year, Responsibility for preventing fires does not belong to volunteers (fire brigades or full-time fire departments); it belongs primarily to the individual. In other words, Prevention is your responsibility, while Protection is the responsibility of the fire fighter. This applies whether they are volunteers in a small town or are employed on a full-time basis in our larger cities.

Put it this way: Where you fail in preventing fires, the fire-fighter steps in to protect your life and property.

World of Wheat

By S. S. STANLEY

The World of Wheat is a story of the life of a wheat farmer. It is a story of the life of a man who has spent his life in the wheat fields of Canada. It is a story of the life of a man who has seen the wheat grow from the seed to the harvest. It is a story of the life of a man who has seen the wheat go from the field to the mill and then to the consumer. It is a story of the life of a man who has seen the wheat go from the field to the mill and then to the consumer. It is a story of the life of a man who has seen the wheat go from the field to the mill and then to the consumer.

Fort Community Hall</

The students of the University of Illinois at Urbana-Champaign are planning to hold a "W.I. Card Party" on Saturday, Nov. 11, at the Student Union. The party is being held to raise money for the World War I Veterans' Fund. The students are planning to have a variety of games and activities, and the proceeds will be used to purchase cards for the veterans. The party is open to all students and faculty, and tickets are available for purchase at the Student Union.

[illegible][illegible][illegible]

The monthly meeting of the Working Workers club was held in the hall last Wednesday night and was well attended. The program consisted of, also several recitations. The social business was transacted and plans were made to make a rug and a quilt to be raffled to raise money towards a new home for Mrs. Paul. The following is a list of a rug from odds and ends of quilt

[illegible]

The museum will contain a replica of the old Hudson's Bay Co. trading post. Victoria it was located in the Andrew district about a mile northwest of Edmonton.

Plans of the old fort were obtained from the RMC in London,

It's like the ALUMINUM business
 PLANTS - all kinds of plants - need supplies to thrive on. This is true of plants in the garden, and true of plants which make articles of aluminum.
 Vegetable plants draw their supplies from the soil and the air. The fruit and many aluminum manufacturers draw plants from Canada their living source.
 And just as different garden plants produce different fruits, berries, nuts and fruits, so the manufacturing plants shape our aluminum into a variety of useful forms - kitchenware, garden tools, hardware, tanks for transportation and travel ... all made of things which people want because they are light and economical.
 We can draw independent aluminum business from a mine. They draw us on not only for aluminum but also for the technical services of our laboratories. And because we produce, here in Canada, a quarter of the world's aluminum, they are able to buy this metal at lower prices than anywhere else anywhere.

ATTENTION!
ALL WHEAT AND SMALL GRAIN GROWERS
... Try "NA-CHURS" LIQUID FERTILIZER CONCENTRATE this year
 Last year several wheat farmers treated seed wheat with "NA-CHURS" LIQUID FERTILIZER CONCENTRATE and apparently had good results.
 Using "NA-CHURS" Liquid Fertilizer Concentrate for this purpose is still in the experimental stage but we believe you should try it. Preliminary tests indicate a quicker start which may aid in earlier maturity and better yield.
 The seed is very rich, and if it will increase your wheat yield, it is too good to pass up. Many enthusiastic growers have written about the fine results obtained with "NA-CHURS".
ASK US TODAY ABOUT THE TEN GALLON TEST ... One gallon of "NA-CHURS" will treat 8-10 bushels of seed grain at a cost of approximately 75c per acre.
Enjoy these advantages...
 • COMPLETELY SAFE - NO BURNING
 • EASY TO APPLY - NO BULKY WEIGHTS
 • ECONOMICAL - NO WASTE
FOR MORE INFORMATION ON "NA-CHURS" LIQUID FERTILIZER CONCENTRATE, COME IN OR CALL US TODAY!!

Couple Wed in Lutheran Church

Reverend Lutheran Church was the setting for a pretty wedding ceremony on Sunday, Dec. 17, at 11 a.m. when Miss M. J. Brown and Mr. J. Brown were united in marriage by the Rev. Mr. J. Brown.

The bride, Miss M. J. Brown, daughter of Mr. J. Brown and Mrs. J. Brown, was given away by her father, Mr. J. Brown, to the groom, Mr. J. Brown, who was accompanied by his best man, Mr. J. Brown.

The ceremony was held in the Lutheran Church, and the wedding party consisted of the bride, groom, best man, and maid of honor.

The bride wore a white dress and the groom wore a dark suit. The wedding party was accompanied by a band.

The wedding reception was held at the home of the bride's parents, Mr. J. Brown and Mrs. J. Brown.

The bride and groom are now residing in their new home.

The wedding was a very happy occasion for all concerned.

The bride and groom are now happy and content.

The wedding was a very successful one.

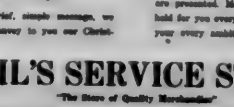

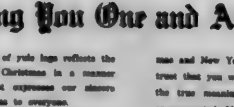

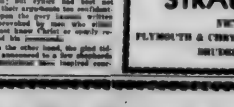

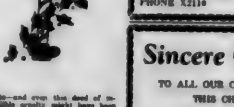

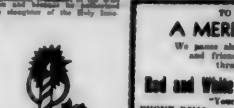

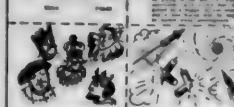

The bride and groom are now happy and content.

Fort and Morinville Draw 4-4 In League Opener

Other Lands; Other Customs

The first game of the season was played at Fort on Tuesday night, when the Fort team drew 4-4 with the Morinville team. The game was a very close one, with both teams showing excellent play. The Fort team was led by their star player, who scored two goals. The Morinville team was also very strong, with several players contributing to their total score.

The game was a very close one, with both teams showing excellent play. The Fort team was led by their star player, who scored two goals. The Morinville team was also very strong, with several players contributing to their total score.

UNUSUAL PLANT

The plant mentioned in the "Unusual Plant" column of the March 11 issue was a "Pachira aquatica" (Money Tree) which is a common house plant. It is a member of the Euphorbiaceae family and is native to Central America. It is a small, bushy plant with thick, waxy leaves and small, white flowers. It is often grown in pots and is popular for its ability to tolerate neglect and its air-purifying qualities.

VINEYARDS

The first vines of the season were planted in the vineyard at the home of Mr. and Mrs. J. H. Smith on March 10. The vines are of the "Chardonnay" variety and are expected to produce a fine crop of grapes this year. The vineyard is located on a small plot of land in the back yard of the Smiths' home and is well cared for by Mr. Smith.

SUGGEST VARIETIES

For those who are interested in growing grapes, the following varieties are suggested: "Chardonnay", "Pinot Noir", "Cabernet Sauvignon", and "Merlot". These varieties are well suited to the climate of Port Saskatchewan and are known for their quality and flavor. It is recommended that growers consult with a local expert for more information on grape growing.

Garden Peas for Early Planting

Peas are a favorite vegetable to grow in the garden and are easy to plant. They are also one of the first vegetables to be ready for eating. For early planting, choose a variety that is suitable for the climate. Plant the peas in rows and water them regularly. They will be ready to eat in about six weeks.

METHEE FRUIT

Methee fruit is a small, round fruit that is native to the tropics. It is often used in fruit salads and is a good source of vitamins. It is available in some grocery stores and is a healthy addition to your diet.

STAYERS BAR

Stayers Bar is a popular spot for a drink and a snack. It is located in the heart of the city and is known for its friendly service and wide selection of beverages. It is a great place to relax and enjoy a drink with friends.

LOCAL INQUIRY, DEFENSE BUREAU

The Local Inquiry and Defense Bureau is a government agency that provides information and assistance to the public. It is located in the city of Port Saskatchewan and is open to all citizens. It can help with a variety of issues, including immigration, citizenship, and social services.

GREATEST IN PRACTICE HISTORY

The greatest in practice history is a book that provides a comprehensive overview of the history of the practice of law. It is a valuable resource for anyone interested in the legal profession and is available in many libraries and bookstores.

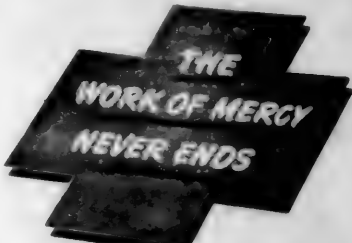

CARICATURING

Caricaturing is a form of art that involves creating exaggerated and humorous representations of people. It is a popular form of entertainment and is often used in politics and social commentary. There are many famous caricaturists and their works are highly regarded.

The Fort Record

The Fort Record is a local newspaper that provides news and information for the community. It is published weekly and is a valuable source of information for residents. It covers a wide range of topics, including local news, sports, and entertainment.

WEDNESDAY, MARCH 12, 1968

YOUR GIFT to the Canadian Red Cross enables you to bring help, comfort — life itself — to the needy and the sick.

When disaster strikes, you are there with food, clothing and medical aid. In isolated districts where the doctor is beyond reach, you establish Outpost Hospitals. You provide free blood transfusions, set up additional blood donor clinics. You teach first aid, swimming and water safety. You operate Red Cross Lodges in Military Hospitals, so that wounded veterans have a place for recreation and for receiving their relatives and friends.

You become a partner in all the missions of mercy carried out, in peace as well as war, by Canada's skilled, devoted Red Cross workers.

**Reach out a helping hand
GIVE to the RED CROSS**

SPACE DONATED BY THE ROYAL BANK OF CANADA

Your donation will be gladly received of any branch of this bank

READ SIGNS OF LIFE NEED

Every thinking person will concede that the control of motor traffic is one of the nation's greatest civic problems. The problem is greater than fire, for it annually takes more lives and destroys more property; greater than crime, for it involves all humans; Every man, woman, child or infant that walks or rides in a possible victim every minute he is upon the public roadway or street.

DO YOUR PART TO SAVE LIVES — READ AND HEED ALL TRAFFIC SIGNS!

Be Careful - the life you save may be your own!

Listen...in your heart

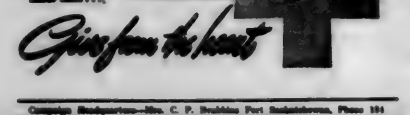

When disaster strikes somewhere in Canada, your ears may not hear the prayers for help. But listen in your heart and you'll hear the voices of the little children, homeless and afraid, the voices of the mothers, heart-broken and aching. They are calling to you — and listen, on their behalf, the Canadian Red Cross appeals to you.

For urgently needed funds to carry on the work of mercy in disaster-stricken areas... to provide Free Blood Transfusion Service... to support your Red Cross Veterans' Services and Chapter Hospitals... to maintain and extend many other humanitarian activities. Give generously, from your heart. And give today!

This year the need is greater than ever. To every one of you, the appeal is the same: Give from the heart.

This month of giving, make yours count.

Campaign Headquarters—Mrs. C. P. Boudreau, Port Saskatchewan, Phone 181

CANCER IS THE MOST CURABLE OF ALL MAJOR CAUSES OF DEATH... IF DETECTED EARLY!

WHAT IS CANCER?

THE NEW N. E. GREENE PUBLISHING HOUSE

The human body is a well organized society of cells. The body of a normal baby at birth is made up of approximately two trillion cells. These cells continue to multiply in an orderly fashion until the child grows up.

When adult stem is reached, normal "backer" are

regular wear-out cuts and otherwise keep the body in good repair. BUT SOMETIMES FOR NO APPARENT REASON, THE NATURAL BRICKS FALL AND CELLS AGAIN START DIVIDING AND GROWING IN THE BODY.

The body has no way whatsoever for these cells. Besides living at the expense of the body, they crowd into space that rightfully belongs to healthy tissue and organs of the body. THIS SUPERFLUOUS OR OUTLAW CELL GROW IS IT THE CAUSE

disability call growth to the point where cancer is now one of the most variable of all major causes of death — it is considered by the **WORLD HEALTH**

In the

FORT COMMUNITY HALL

MONDAY, APRIL 10th

(Night Session)

DOOR \$5.00

Admission To Dance — LOUPE INCLUDED

Refreshments To Be Served by the Hosts.

LOGGERS and LUMBERMEN!

As from April 1st your employees are licensed under provisions of the Unemployment Insurance Act. This means that contributions must be paid for them beginning on that date.

1. If you employ anyone for building and logging you should—
2. Obtain your own Unemployment Insurance License.
3. Obtain your own Unemployment Insurance License for your employees.
4. Obtain your own Unemployment Insurance License for your employees.
5. Obtain your own Unemployment Insurance License for your employees.

Persons and any other persons, who are not licensed, are responsible for the payment of the unemployment insurance contributions for their employees. This is a fine and penalty for failure to obtain a license and pay contributions.

Get in the unemployment insurance program today for full information.

Provisions of County Act Occupies House

By F. R. Baker

The County Act took shape of the House of Commons last night when the bill was introduced by the Minister of Agriculture, Mr. J. G. Bennett.

The bill, which is the first of its kind in the history of the province, is designed to provide for the establishment of a new county in the north-western part of the province.

The bill is expected to pass the House of Commons in the near future.

4 IMPORTANT REASONS WHY YOU SHOULD TAG YOUR CREAM CANS

1. **SAFETY** - Cream cans are often damaged and the contents spill out, creating a safety hazard.

2. **IDENTIFICATION** - Tagging your cream cans helps you identify the contents and the date of purchase.

3. **SAFETY** - Tagging your cream cans helps you identify the contents and the date of purchase.

4. **SAFETY** - Tagging your cream cans helps you identify the contents and the date of purchase.

OK HEATING IS THE REASON YOUR HOUSE IS SO CLEAN AND COMFORTABLE

ESKO

Esco's clean, non-combustible, flameless heat is the reason your house is so clean and comfortable. It's the only heat that doesn't burn, doesn't smoke, and doesn't create any mess. It's the only heat that's safe, efficient, and economical.

Winning Plan
Relief Fund

The winning plan for the relief fund is to raise money through various means, including public subscription and donations. The fund is intended to help those in need during these difficult times.

Lions Officials
Nominated

The officials for the Lions Club have been nominated. The list includes several prominent members of the community who will be responsible for the club's activities and fundraising efforts.

Varsity Players
To Present
Comedy

The varsity players will be presenting a comedy performance. The show is expected to be a hit and will provide entertainment for the audience.

Recent Krebs-Anderson Wedding at
Stallier of Indian Hare

The wedding of Krebs and Anderson took place at the Stallier of Indian Hare. The ceremony was a private affair attended by family and friends.

Plan Trailer Camp

A plan for a trailer camp has been developed. The camp is intended to provide a place for people to stay during their travels.

Official Opening of Park Sunday;
Schoolboys' Band to Attend

The official opening of the park will take place on Sunday. The schoolboys' band will be attending the event to provide musical entertainment.

Household Chores Stretch Life-span

Doing household chores regularly can help you live longer, according to a study by the University of Toronto. The study found that people who do household chores regularly live longer than those who do not. The study also found that people who do household chores regularly are healthier than those who do not. The study was conducted over a period of 10 years and involved 1,000 people. The results of the study were published in the Journal of the American Medical Association.

We need 100,000 on our teams!

Today the world's freedom is endangered by aggression and threats of aggression. Canada must be prepared to defend her freedom.

To strengthen our country in readiness for duty, we need you on our teams today - for an important job on the ground or in the air.

Do your part to help Canada do her part.

Men enlisting now will begin their training immediately - and the need for Aircrew and Groundcrew is urgent.

To prove your worth by joining the R.C.A.F. You gain a satisfying career and a training that will be valuable all your life.

ROYAL CANADIAN AIR FORCE

 GET THE FACTS AT ONCE - **MAIL THIS COUPON TODAY**

Send it to: **Group Commander at your nearest R.C.A.F. Recruiting Station**, and find out whether you are qualified.

Don't miss this opportunity to join the R.C.A.F. today!

Seek 15c Increase in Present Wheat Price

Wheat growers in the Canadian West are asking for a 15-cent increase in the present price of wheat. The request is based on the fact that the cost of production has increased by 15 cents per bushel since the last time the price was fixed. The growers claim that the present price of 1.15 cents per bushel is not sufficient to cover the cost of production, and that a 15-cent increase is necessary to bring the price to 1.30 cents per bushel.

YOU CAN DO MORE THAN TALK ABOUT FREEDOM...

CANADA NEEDS MEN TO TRAIN FOR SIGNAL CORPS OPERATIONS

The Signal Corps is vital to almost every phase of operation in the network of Canada's defenses. Now, center of the Army, the Signal Corps helps co-ordinate the vast and complex operations of our modern forces.

To young men who want to serve Canada, the Signal Corps offers service that is interesting, exciting... **freedom**.

TO WHAT YOU WANT -

1. As a Canadian citizen or British subject.
2. Be 17 to 25 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.

Join the CANADIAN ARMY ACTIVE FORCE NOW!

GOVERNMENT OF THE PROVINCE OF ALBERTA

announces the second annual

MASTER FARM FAMILY AWARDS

for 1939 to the following:

Small Community Family BAYVIEW, Alberta	Charles J. Kallit Family YERFELD, Alberta
Mr. Balthus Family WYLLAM, Alberta	E. D. Brown Family BUTLER, Alberta
Prof. Lohmeyer Family DUFFYVILLE, Alberta	

The Master Farm Family Award is presented by an award of cash to the member of the family who has made the most progress in the year.

The purpose of the Master Farm Family Award is to give and honor those who have achieved success in farming, business, and industry, and who, by their example, are inspiring others to do the same. The award is given to the member of the family who has made the most progress in the year.

DEPARTMENT OF AGRICULTURE

Government of the Province of Alberta

Mr. David D. Macdonald, Minister
G. S. Langman, Deputy Minister

WINTERIZE AT....

Winter brings freezing weather and slippery roads. But there's no reason to worry if you have your car well oiled and run quickly, even under adverse conditions. Use the winterizer you can use — so that it can really take cold weather. The winterizer is the only product that can be used on all types of engines. The winterizer is the only product that can be used on all types of engines.

WINTERIZE AT....

Winter brings freezing weather and slippery roads. But there's no reason to worry if you have your car well oiled and run quickly, even under adverse conditions. Use the winterizer you can use — so that it can really take cold weather. The winterizer is the only product that can be used on all types of engines. The winterizer is the only product that can be used on all types of engines.

Winter of later has well off the ground through the province, and the weather is expected to be a little warmer than the previous year. The weather is expected to be a little warmer than the previous year.

READ SIGNS OF LIFE NEED

WAIT!

IF YOU ARE IN DOUBT ABOUT PASSING...

Passing another car is a necessary, but requires the full driver's full attention. Do not attempt to pass unless you have visibility of the road ahead and no traffic in approaching. After plenty of room to pull out, pass, and return again to the proper lane. Cutting in too closely may cause both yourself and the driver you have passed.

Be Careful - the life you save may be your own!

Part 2: *Continued*

REPLY TO: 100-1000
A complete directory of the names and addresses of all the people in the city of Port Saskatchewan, Alberta, Canada, is available for sale at a special price of \$1.00 per copy. This directory is the only one of its kind in the city and is a valuable reference for all residents and visitors.

Your help is needed NOW

1. Do you know anyone who is looking for a job?
2. Do you know anyone who is looking for a house?
3. Do you know anyone who is looking for a car?
4. Do you know anyone who is looking for a business opportunity?

The taking of this census is a very important job for the city of Port Saskatchewan. It is the only way we can get a complete picture of the needs and wants of our citizens. Your help is needed now to make this census a success.

HELP MAKE CANADA STRONG

Join the CANADIAN ARMY ACTIVE FORCE NOW!

The Canadian Army Active Force is a part of the Canadian Armed Forces. It is a full-time force of men and women who are trained and equipped to fight for Canada. Joining the Active Force is a great way to serve your country and to gain valuable experience and training.

Ask Co-operation In Farm Survey

The Department of Agriculture is conducting a survey of the farming community in Port Saskatchewan. The survey is designed to gather information about the needs and wants of farmers in the area. The information gathered will be used to develop programs and services that will help farmers improve their livelihoods.

The survey is being conducted by the Department of Agriculture and is a voluntary participation. Farmers are asked to provide information about their farming operations, including the types of crops and livestock they raise, the size of their farms, and the challenges they face.

The survey is being conducted in a confidential manner and the information gathered will be used only for the purposes of the survey. Farmers are encouraged to participate in the survey as it will help them to gain a better understanding of the needs and wants of the farming community in Port Saskatchewan.

—Special News Canadian
Members of Canada's Special Force are drawing a special allowance during their stay at Fort Lewis. With Trench now at the U.S. base we
happy to hear of this unexpected gift, and, like Pte. Graham Stewart
Glover, they were all smiles as they appeared on pay parade.

FORT SASKATCHEWAN

It is in this spirit of good fellowship that we wish everyone—
A Merry Christmas and a Very Happy New Year

A Joyful Christmas to All

...and may all the pleasure and happiness of the Festival descend upon the New Year.

J. A. FRASER
PORT SAMUELSTOWN

Peace on Earth

I found the baby on Christmas Day. That old familiar melody played and old and sweet the words repeat. Oh peace on earth, goodwill to men.

We can see that to realize the experience of those words we must have the spirit of peace on earth, goodwill to men.

Let us make the Christmas-New Year season a time of reconciliation, peace and joy.

Let us pledge our New Year's wishes to this and to that that may truly be a year of peace on earth, goodwill to men.

Peace on Earth - Goodwill to Men

A Merry Christmas

The World's Most Famous Tradition

Butter-Baked Turkey

For Christmas dinner this year, serve the butter-baked turkey over crisp and golden potatoes. To give your turkey real turkey perfection, bake it with butter. The cream-rich flavor of fresh butter glazes all your Christmas cooking. Gently, vegetable, or chicken - everything tastes better with the golden goodness of pure butter.

Holiday Helpings

...and may all the pleasure and happiness of the Festival descend upon the New Year.

J. A. FRASER
PORT SAMUELSTOWN

Merry Christmas

During this Festival season and throughout the New Year, may you enjoy:

- The Glorious of Christmas which is love.
- The Spirit of Christmas which is peace.
- The Heart of Christmas which is love.
- Love & Banks

Timely Farm Notes

By E. J. Macdonald
Special Contributor

NO FERTILIZER—Lumbermen, gardeners, and others who use fertilizer should be aware that the fertilizer season is now open. It is a good idea to get a good supply of fertilizer now, as it will be in short supply later in the year. The fertilizer season is now open, and it is a good idea to get a good supply of fertilizer now, as it will be in short supply later in the year.

The Settles of the Scottish Tartans

The Scottish Tartans are the most beautiful and colorful of all the tartans. They are the result of centuries of tradition and are a symbol of Scottish identity. The tartans are made of wool and are woven in a specific pattern. They are used in a variety of ways, from kilts to scarves. The tartans are a source of pride for the Scottish people and are a symbol of their heritage.

What's all this talk about
Low Volume Application
for field crop spraying?

Here's the actual story in figures—in 1944, when National first introduced chemical weed control into Canada, the rate of application was 50 gallons per acre. Using this large, 400 gallon tank, the farmer stopped to refill chemicals and refill the tank after spraying only 5 acres.

Then, in 1947, National introduced low volume application with boom sprayers—a great cost saver. Now farmers were capable of providing a fine, accurate spray—using only 4 gallons per acre. This quickly became the accepted rate of application for all up-to-date equipment.

FOR BEST RESULTS, ALWAYS
USE NATIONAL CHEMICALS

National Grain

Timely Farm Notes

Grains to not used unless it is clean. You can use saw
dust in feed by mixing it with grain. You can use
saw or through a well equipped, properly operated
mill plant. If you saw buying and carrying stock in
feed.

Good seed, like good livestock, should have a pedigree
8. If you do not plan to use registered seed for
the first year, should not use seed for the first
year of your ancestry. You can do this by buying
from registered seed, but the best method is to buy
bushels each year and have a corn plot on your own
land where you can keep it pure.

It is good business to use registered seed of all
but for WAITING GABLE, pure varieties are a
lot more used now with strains are available. Register
certain and Old Bailey are available to select among
your elevator agent and from seed handling organiza-

Government to Increase Ceiling On Farm Improvement Loans

The Minister of Agriculture has announced that the ceiling on farm improvement loans will be increased from \$10,000 to \$15,000. This increase will apply to all loans made under the Farm Improvement Loan Act.

The Minister stated that this increase was necessary to meet the growing needs of farmers for capital to improve their farms. He noted that the current ceiling was often insufficient for many farmers, particularly those engaged in large-scale operations.

The new ceiling will be in effect from the beginning of the next fiscal year. Farmers interested in applying for a loan should contact their local agricultural agent for more information.

Going Places?

With the banks' heads of eastern Canada at the annual meeting of the Canadian Bankers' Association in Montreal, the banks are expected to announce a new policy on farm loans. This policy is expected to be more favorable to farmers than the current one.

The new policy is expected to include a reduction in the interest rate on farm loans and an increase in the ceiling on the amount of money that can be borrowed. This is expected to be a significant improvement for farmers, who have often complained about the high cost and limited availability of farm loans.

The banks' heads are expected to meet in Montreal for several days, during which they will discuss various issues related to the banking industry in Canada. The meeting is expected to be a key event in the financial calendar for the year.

CANADIAN NATIONAL

Protect your herds! One injection of BOVIGEN

BOVIGEN is a powerful vaccine that protects your herd from various diseases. It is easy to use and provides long-lasting protection for your animals.

The vaccine is injected into the animal's body and works by stimulating the immune system. This helps the animal to fight off any diseases that it may come into contact with.

BOVIGEN is recommended for all types of livestock, including cattle, sheep, and pigs. It is a cost-effective way to protect your herd and ensure the health and productivity of your animals.

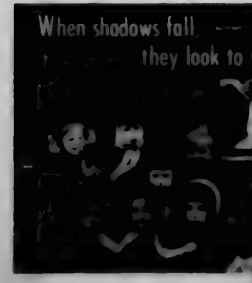

Don't let your herd fall victim to disease. Protect them with BOVIGEN. This powerful vaccine is the only one of its kind in Canada. It provides complete protection against a wide range of diseases, including foot-and-mouth disease, swine fever, and rinderpest.

BOVIGEN is easy to use and provides long-lasting protection for your animals. It is injected into the animal's body and works by stimulating the immune system. This helps the animal to fight off any diseases that it may come into contact with.

When shadows fall they look to you

It is a common sight to see farmers standing in front of their farms, looking at the shadows that are cast by the buildings. This is a sign that the day is coming to an end and the farmers are preparing for the night.

The shadows are a reminder of the hard work that the farmers have done during the day. They are also a sign of the peace and quiet that comes with the night.

For many farmers, the night is a time of reflection. They think about the day's work and the challenges that they have faced. They also think about the future and the goals that they want to achieve.

Give!

When shadows fall they look to you. Give to the people who need it most. Your contribution can make a difference in their lives.

There are many organizations that provide help and support to people in need. You can choose the one that you want to support and make a donation. Your contribution will be put to good use and will help to improve the lives of many people.

License Reduction To Save Motorists \$700,000 Yearly

The government has announced a reduction in the license fee for motor vehicles. This reduction is expected to save motorists a total of \$700,000 per year.

The reduction applies to all types of motor vehicles, including cars, trucks, and motorcycles. It is a significant saving for many motorists, particularly those who own older vehicles.

The government stated that this reduction was necessary to ease the financial burden on motorists. It noted that the current license fee was often too high for many people, particularly those on low incomes.

The reduction will be in effect from the beginning of the next fiscal year. Motorists interested in applying for a license should contact their local government office for more information.

Canadian Sabre Jet Draws Official Praise

The Canadian Sabre Jet has received official praise from the Royal Canadian Mounted Police. The jet is praised for its speed, maneuverability, and reliability.

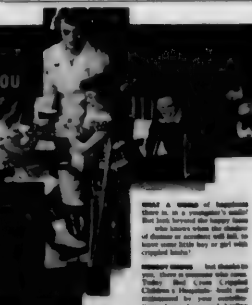

The Sabre Jet is a high-speed aircraft that is used by the RCMP for a variety of purposes, including law enforcement and search and rescue. It is a highly advanced aircraft that is capable of performing a wide range of tasks.

The RCMP has been using Sabre Jets for many years and has found them to be a valuable asset. They are praised for their ability to quickly respond to emergencies and for their ability to perform a wide range of tasks.

They were well-rewarded for their vigilance

A group of motorists who had been vigilant in reporting a suspicious vehicle to the police have been well-rewarded. The police have issued a reward for information that led to the arrest of a suspect.

The motorists had been driving on a highway when they noticed a vehicle that appeared to be suspicious. They immediately reported the vehicle to the police and provided them with a description of the vehicle.

The police were able to track down the vehicle and arrest the suspect. The motorists who had provided the information were well-rewarded for their vigilance and for helping to bring the suspect to justice.

Assemble Jeep In Four Minutes

A new model of the Jeep has been announced. It is a highly advanced vehicle that is capable of being assembled in just four minutes.

The new Jeep is designed for use in emergency situations. It is a highly maneuverable vehicle that is capable of being driven on a variety of surfaces, including snow, mud, and sand.

The new Jeep is also highly reliable and durable. It is built to withstand the harshest conditions and is capable of performing a wide range of tasks.

The new Jeep is a highly advanced vehicle that is capable of being assembled in just four minutes. It is a valuable asset for emergency services and is praised for its speed, maneuverability, and reliability.

Canadian Sabre Jet Draws Official Praise

The Canadian Sabre Jet has received official praise from the Royal Canadian Mounted Police. The jet is praised for its speed, maneuverability, and reliability.

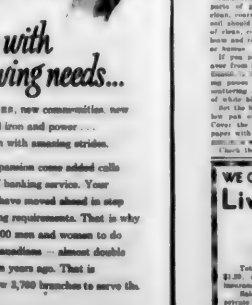

The Sabre Jet is a high-speed aircraft that is used by the RCMP for a variety of purposes, including law enforcement and search and rescue. It is a highly advanced aircraft that is capable of performing a wide range of tasks.

The RCMP has been using Sabre Jets for many years and has found them to be a valuable asset. They are praised for their ability to quickly respond to emergencies and for their ability to perform a wide range of tasks.

The Sabre Jet is a highly advanced aircraft that is capable of performing a wide range of tasks. It is a valuable asset for the RCMP and is praised for its speed, maneuverability, and reliability.

Barley and Oil Seed Conference

A conference on barley and oil seed production has been held in Port Saskatchewan. The conference was attended by farmers, government officials, and industry representatives.

The conference was a success and resulted in a number of important decisions. These included a decision to increase the acreage planted in barley and oil seed crops and a decision to improve the marketing of these crops.

The conference was a valuable opportunity for farmers to meet with government officials and industry representatives. It allowed them to voice their concerns and to discuss ways to improve the production and marketing of their crops.

Offer Scholarships At Agric. Schools

The government has announced that it will offer scholarships to students who are studying at agricultural schools. These scholarships are intended to encourage more young people to study agriculture.

The scholarships are available to students who are enrolled in agricultural programs at secondary schools or colleges. They are awarded on the basis of academic achievement and financial need.

The government stated that these scholarships were necessary to encourage more young people to study agriculture. It noted that the current number of students studying agriculture was declining and that it was important to attract more students to the field.

UNEMPLOYMENT INSURANCE BOOKS MUST BE RENEWED

EMPLOYEES: Please send all unemployment insurance books for 1976-77 and previous years (unexpired) to the National Employment Office with which you deal, unless renewal arrangements have already been made. They must be exchanged for new books.

Before sending on your 1976-77 insurance book, send one of the following stamps or official, so as to avoid duplication on the new book.

FAULTY WIRING IS DANGEROUS

Faulty wiring and overloaded electrical equipment was noted on the annual inspection of homes in Port Dargleigh 1955 according to electricians brought by the provincial fire commission.

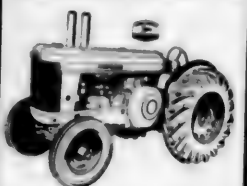

They're not faulty wiring for the cause of your home or other buildings burning down by fire during 1955.

Call it and let us check all your wiring—of regular size necessary for you depend on us to do the electrical work to prevent your property from the ravages of fire.

John Deere Model AR

From radiator to drive shaft, the John Deere "AR" is a sturdy built quality built to withstand the strains of long hours in the field, or power take-off jobs. The only John Deere Model "AR" you'll handle larger loads, 5 or 3-horsepower tractor, heavy-duty drive shaft, heavy-duty drive shaft, and other heavy-duty components... handle them faster, easier, and more effectively.

We advise placing your order now as only a few of these tractors will be available.

Here's a going concern!

Bill is another enterprising boy who is learning to appreciate the value of saving for what he wants. Each week, he puts a part of his spare time earnings in the bank. And he is proud of his bank book!

Many a businessman credits his success to the habit of thrift learned early in life. Planned saving has helped millions of Canadians to make the most of their own enterprise and industry.

Experience has shown that the difference between "getting along" and "getting ahead" often starts with a bank account.

Use the chartered bank in your neighborhood as a safe and handy place to make your savings grow.

1950 Survey of Tuberculosis in Alberta Hog Shipments
In Alberta Hog Shipments
A survey of tuberculosis in Alberta hog shipments was conducted by the Alberta Department of Agriculture and Forestry. The survey was conducted by a team of veterinarians and inspectors. The results of the survey are being used to develop a program to control tuberculosis in hogs.

Questionnaire To Speed Farm Census
The Alberta Department of Agriculture and Forestry is conducting a farm census. A questionnaire is being sent to all farmers in the province. The questionnaire is designed to collect information about the number of farms, the number of people living on the farms, and the types of crops and livestock raised. The information collected will be used to develop a program to improve the efficiency of the farm industry.

MEMBERS OF THE CONGREGATION

Brief History of Congregation

Founded June 1885
Among them Philip and John Mohr, Frank and George Hunter and John Manning agreed that something constructive had to be done.

At a meeting held early in 1891 these men by their talent and far-sighted attitude succeeded in having the most long range agreement by which all of the German-speaking settlers were united in one congregation. Members of what had gone before the name chosen was "Protestant German Church" (Protestant).

Several years before this time John Manning donated land for the cemetery and the father of John Hunter for the site for a parsonage. On this site a building was built almost twenty years later.

As such an agreement was required to form a congregation, a call was sent to Rev. Mr. C. W. Grosse. He accepted and came to Smithville in 1891.

First services were held in the school house. In spite of what had gone before, it soon became apparent that what had been obtained, and it has never been seriously threatened since.

An early decision was made to build a church, and again land was donated, this time by John Thomas. A frame building, with approximately 100 square feet of floor space that rested on the site on which the present church is standing.

All the work except building the chimney and the steeple was voluntary labour. Although money was raised, materials were quite cheap and it did not take long until the building was paid for.

The members of the congregation having settled on fertile, virgin land and willing to work, made steady progress. There was no real difficulty in coming from the old country, there were not many dead among grown up during the first decade. Infant mortality was very high but in the second decade it was reduced.

By 1900 the church had grown to such an extent that the original church became far too small. At a special meeting early in 1910 a decision was reached to build a larger church. The new building was to be built on a site donated by the congregation and located on the corner of the main road and the main road.

The new church was built on the corner of the main road and the main road. The new church was built on the corner of the main road and the main road.

By 1910 the church had grown to such an extent that the original church became far too small. At a special meeting early in 1910 a decision was reached to build a larger church. The new building was to be built on a site donated by the congregation and located on the corner of the main road and the main road.

RECOMMEND DEHORNING OF YOUNG COMMERCIAL CATTLE
By J. J. O'Connell
Agricultural Extension
The Canadian Veterinary Association has recommended that all young commercial cattle be dehorned before they are six months of age. The association's recommendation is based on the fact that horns are a source of danger to the animal and to the handler. The association also recommends that the dehorning be done by a qualified person using a proper method.

Former Winners Barred From 1951 National Barley Contest

Contestants in the 1951 National Barley Contest, to be held in Regina, Sask., on July 10-11, will be barred from entry if they were winners in the 1950 contest. This is the first time since the contest was started in 1947 that winners have been barred from entry.

The contest is held annually to determine the best barley grown in Canada. It is open to all growers of barley in Canada, and the winners receive a cash prize and a trophy.

The 1950 winners were: **Alberta:** J. H. Brown, Lethbridge; **Saskatchewan:** J. H. Brown, Regina; **Manitoba:** J. H. Brown, Winnipeg; **Ontario:** J. H. Brown, Toronto; **Quebec:** J. H. Brown, Montreal.

Gas Tax Rate Before AMA Board

The gas tax rate for 1951 will be set by the AMA Board on July 10. The rate will be based on the cost of gasoline and the amount of tax collected in 1950.

The AMA Board is the governing body for the Alberta Motor Association. It is responsible for setting the gas tax rate and for other matters relating to the motor vehicle industry in Alberta.

Constant Care Required to Maintain Healthy Garden

A healthy garden requires constant care and attention. This includes regular watering, weeding, and fertilizing. It also includes protecting the garden from pests and diseases.

The best way to maintain a healthy garden is to use natural methods. This includes using natural pesticides and fertilizers. It also includes using natural methods to control pests and diseases.

Low Mail Fares to Calgary Exhibition and Stampede

Low mail fares to the Calgary Exhibition and Stampede will be available from July 9 to 14. The fares are available on all Canadian National Railway trains.

The fares are available on all Canadian National Railway trains. They are available on all Canadian National Railway trains.

Annual Convention of School Trustees Held in S. Edmonton

The annual convention of the Association of School Trustees of the Province of Alberta was held in S. Edmonton, Alberta, on May 10-11, 1934. The convention was held at the Hotel Macdonald, and was attended by approximately 100 delegates from various parts of the province. The convention was presided over by Mr. J. H. Macdonald, Mayor of S. Edmonton. The program of the convention included a business session on the first day, and a social session on the second day. The business session was held in the morning, and the social session was held in the evening. The convention was a success, and the delegates were able to discuss and decide upon many important matters relating to the education of the province.

The tenant of the Strathcona District of Strathcona No. 33 consented to this mortgage of \$10

Rare Struck

Cow, Milker Knocked Down

YOUTHVILLE, Ala., June 10.—(AP)—A cow and her milker were knocked down by lightning at the home of Mrs. J. W. Smith, near the town of Youthville, Ala., today.

The financial statement and the sworn statement for the month of June were signed and submitted for review to the board of directors.

Recent "talkies" in the district

The August meeting of the Port of Seattle Fish Commission was held at the Seattle Convention Center. The meeting was held on August 14, 1990, at 10:00 a.m. The meeting was held in the Ballroom of the Seattle Convention Center. The meeting was held in the Ballroom of the Seattle Convention Center. The meeting was held in the Ballroom of the Seattle Convention Center.

Farewell Party

For Mrs. Taylor

The home of Mrs. Harvey Capeton was the scene of a very pleasant gathering last Saturday evening when friends and relatives gathered to celebrate the birthday of Mrs. Taylor.

After the evening's entertainment and the serving of lunch the guest of honor was presented with

Adopting the hasty use of the Chamber equipment, fear of Altan and Mrs. H. D. Dunn. charge for maintaining certain patient, in the House of Representatives, who had been given modern, attend to through the success of the Cause.

Mr. Adamson brought up the usual set of contract as a question.

Signs for Compliance with Laws

ing all its highways, in the Province to see that regulations concerning the erection of buildings and signboards are being complied with. New regulations for the erection of signs and buildings along main

and May 15th, and require that no new signs and signboards completely with the new regulations before July 31.

The erection or changing of signs having no artistic or advertisement

of highway, in Alberta is established but this order is related to allow for signs providing information or giving directions, retail business signs and national advertising signs.

signs are allowed providing the applicant proves the signs necessary for the guidance and information of the public. These signs must carry no advertising and cannot be placed on the right of way of the Dept. of Highways.

Applicants can be exempted from these regulations by rulings of the Provincial Planning Advisory Board.

signs appear best in areas of maximum exposure for each directional sign is \$5 and that for each informational sign \$10.

Retail business signs informing the public of the type of goods

All applications for the erection of buildings and signs should be sent to H. H. Leah, Director of Town and Rural Planning, Alberta Jaeger Building, Edmonton.

Secretary-Treasurer.

Drama Course in Dairying

A drama course in dairying is being offered by the University of Alberta, Edmonton, during the summer months. The course is designed for students who are interested in the dairy industry and who wish to gain practical experience in the field. The course is taught by Dr. J. H. Macdonald, who is a well-known authority on dairying. The course is held on the campus of the University of Alberta, and students are required to attend lectures and to participate in practical work. The course is open to students from all universities and colleges in Canada. The fee for the course is \$10.00. The course is held from June 1 to June 15, 1935.

Job-jumping by Young People Hinders Business Careers

It is a common observation that young people are jumping from one job to another with great frequency. This is often done without any real thought as to the long-term consequences. The result is that many young people find themselves with no real business experience and no real connections in the business world. This makes it difficult for them to advance in their careers. It is important for young people to take the time to find a job that they are interested in and that will give them the opportunity to learn and grow. This will help them to build a solid foundation for their business careers.

Family Fire Drill

Fire drills are an important part of fire safety. They help to ensure that everyone in a building knows what to do in the event of a fire. It is important to practice fire drills regularly. This will help to reduce the risk of injury or death in the event of a fire.

Coming Events

There are many events taking place in the community. These include sports events, cultural events, and social events. It is important to stay up to date on these events so that you can participate in them. This will help you to stay active and engaged in the community.

FOR RENT

There are many properties for rent in the area. These include houses, apartments, and commercial properties. It is important to find a property that meets your needs and budget. This will help you to find a good home or business space.

Win Ball Series

There is a ball series taking place in the area. This is a chance for you to win some money. It is important to participate in this series so that you can win some money. This will help you to have some extra cash on hand.

Timothy Farm Notes
Use of Swather for Haying

Timothy is a very important crop in the haying season. It is a high yielding crop and is very palatable for livestock. The use of a swather for haying timothy is becoming more popular each year. It allows the farmer to cut the timothy in one pass, leaving a clean stubble for the next crop. This saves time and labor, and results in a higher yield of hay.

Farmers Trapping Beaver Urged To Take Care in Pelting Catch

Farmers are urged to take care in the use of pelting catches when trapping beaver. It is important to use the correct size and type of catch to avoid injuring the animal. The use of humane traps is recommended.

Beaver trapping is a popular activity for many farmers. It is important to use the correct equipment and techniques to ensure a successful catch. The use of pelting catches is a common method, but it is important to use them correctly to avoid injury to the animal.

READ SIGNS OF LIFE! HEED

Keep Your ... TRAFFIC-GUARD UP

A successful or L.I.V.E. driver must not only mind his own motor manners, but also drive defensively. If you drive on though you expected the worst from other drivers, you automatically keep on the short. It is not very commendable to other drivers, but if you assume that they are either a little mentally weak, or have murder in their hearts, you'll live longer.

Be Careful - the life you save may be your own!

Had His Million Acres in Alberta

As the great pioneer of the West, the late Sir John Galt, who died recently, was a man of many talents. He was a successful businessman, a statesman, and a philanthropist. His vast estates in Alberta were a testament to his success and his vision for the future of the province.

His family, the Galt family, has a long and distinguished history in Canada. Sir John was born in Scotland and came to Canada in 1847. He spent most of his life in Alberta, where he built up a large land empire. His estates included some of the most beautiful scenery in the province, and he was known for his generosity in donating land to the public.

Sir John's legacy lives on in the many landmarks and institutions that bear his name. His family's contributions to the development of Alberta are a source of pride for the province.

Ten Pointers on Good Silage

By B. J. Davidson, Extension Agronomist

1. Select a good variety of silage corn.
2. Plant in rows 30 inches apart.
3. Fertilize with nitrogen and phosphorus.
4. Irrigate if possible.
5. Harvest at the right time.
6. Chop finely.
7. Mix with molasses or other silage additives.
8. Pack tightly in the silage pit.
9. Cover with a good layer of straw or other material.
10. Allow to ferment for at least 30 days before feeding.

Recipe Corner

Outline Several Methods of Making Cucumber Pickles

There are many different ways to make cucumber pickles. Some are sweet, some are sour, and some are spicy. Here are a few recipes to try:

1. Sweet Pickles: Boil water, vinegar, sugar, and salt. Add cucumbers and let them sit in the liquid for 24 hours.
2. Sour Pickles: Boil water, vinegar, and salt. Add cucumbers and let them sit in the liquid for 24 hours.
3. Spicy Pickles: Boil water, vinegar, salt, and spices. Add cucumbers and let them sit in the liquid for 24 hours.

22-2223-2224-2225-2226-2227-2228-2229-2230-2231-2232-2233-2234-2235-2236-2237-2238-2239-2240-2241-2242-2243-2244-2245-2246-2247-2248-2249-2250-2251-2252-2253-2254-2255-2256-2257-2258-2259-2260-2261-2262-2263-2264-2265-2266-2267-2268-2269-2270-2271-2272-2273-2274-2275-2276-2277-2278-2279-2280-2281-2282-2283-2284-2285-2286-2287-2288-2289-2290-2291-2292-2293-2294-2295-2296-2297-2298-2299-2300-2301-2302-2303-2304-2305-2306-2307-2308-2309-2310-2311-2312-2313-2314-2315-2316-2317-2318-2319-2320-2321-2322-2323-2324-2325-2326-2327-2328-2329-2330-2331-2332-2333-2334-2335-2336-2337-2338-2339-2340-2341-2342-2343-2344-2345-2346-2347-2348-2349-2350-2351-2352-2353-2354-2355-2356-2357-2358-2359-2360-2361-2362-2363-2364-2365-2366-2367-2368-2369-2370-2371-2372-2373-2374-2375-2376-2377-2378-2379-2380-2381-2382-2383-2384-2385-2386-2387-2388-2389-2390-2391-2392-2393-2394-2395-2396-2397-2398-2399-2400-2401-2402-2403-2404-2405-2406-2407-2408-2409-2410-2411-2412-2413-2414-2415-2416-2417-2418-2419-2420-2421-2422-2423-2424-2425-2426-2427-2428-2429-2430-2431-2432-2433-2434-2435-2436-2437-2438-2439-2440-2441-2442-2443-2444-2445-2446-2447-2448-2449-2450-2451-2452-2453-2454-2455-2456-2457-2458-2459-2460-2461-2462-2463-2464-2465-2466-2467-2468-2469-2470-2471-2472-2473-2474-2475-2476-2477-2478-2479-2480-2481-2482-2483-2484-2485-2486-2487-2488-2489-2490-2491-2492-2493-2494-2495-2496-2497-2498-2499-2500-2501-2502-2503-2504-2505-2506-2507-2508-2509-2510-2511-2512-2513-2514-2515-2516-2517-2518-2519-2520-2521-2522-2523-2524-2525-2526-2527-2528-2529-2530-2531-2532-2533-2534-2535-2536-2537-2538-2539-2540-2541-2542-2543-2544-2545-2546-2547-2548-2549-2550-2551-2552-2553-2554-2555-2556-2557-2558-2559-2560-2561-2562-2563-2564-2565-2566-2567-2568-2569-2570-2571-2572-2573-2574-2575-2576-2577-2578-2579-2580-2581-2582-2583-2584-2585-2586-2587-2588-2589-2590-2591-2592-2593-2594-2595-2596-2597-2598-2599-2600-2601-2602-2603-2604-2605-2606-2607-2608-2609-2610-2611-2612-2613-2614-2615-2616-2617-2618-2619-2620-2621-2622-2623-2624-2625-2626-2627-2628-2629-2630-2631-2632-2633-2634-2635-2636-2637-2638-2639-2640-2641-2642-2643

THE FORT RECORD

Canada Purchases 10 Million Pounds On Import Butter

FOR THE first time in the history of the Canadian butter market, the Government has purchased 10 million pounds of butter from the United States.

The purchase was made by the Canadian Dairy Board, which is the sole importer of butter into Canada.

The butter was purchased at a price of 10 cents per pound, which is the same as the current market price.

The purchase was made to help the Canadian dairy industry, which is currently facing a shortage of butter.

Amusement Storage

AMUSEMENT STORAGE is a new service which has been developed by the Canadian Dairy Board.

The service allows dairy farmers to store their surplus butter in a secure and safe place.

The storage is provided at a low cost, and the butter can be sold at a later date when the price is higher.

SCOTT'S SOAP BOOK

By R. J. SCOTT

SCOTT'S SOAP BOOK is a new book which has been published by the Scott's Soap Company.

The book contains a collection of recipes for making soap, and it also includes information about the Scott's Soap Company.

THE JUNIOR RED CROSS at Clover Bar is organizing for the year.

The organization is planning a variety of activities, including a fund-raising campaign, a social event, and a service project.

The organization is planning to hold its annual meeting on September 15, 1955.

Departing Minister Honored at South Cooking Lake

A DEPARTING MINISTER was honored at South Cooking Lake.

The minister was honored by the South Cooking Lake community, and he was given a special dinner.

The minister was a member of the South Cooking Lake community, and he was a very popular figure.

Banded Duck Shot Near Fort

A Banded Duck was shot near Fort McMurray.

The duck was shot by a hunter, and it was found to be a banded duck.

The duck was a very rare bird, and it was a very valuable specimen.

Tests Show Two Drinks Will Impair Driving

TESTS have shown that two drinks will impair driving.

The tests were conducted by the Fort McMurray Police Department, and they showed that two drinks will impair a person's ability to drive.

The tests showed that a person who has had two drinks will have a slower reaction time and a slower decision-making time.

Announce Change in Time of University Fall Convocation

THE UNIVERSITY OF ALBERTA has announced a change in the time of its fall convocation.

The convocation was originally scheduled for September 15, 1955, but it has now been moved to September 16, 1955.

The change was made because of a conflict with the City of Fort McMurray's annual fair.

To Broadcast Royal Visit

THE ROYAL VISIT will be broadcast on the radio.

The broadcast will be held on September 15, 1955, and it will be broadcast on the radio.

The broadcast will be a very special occasion, and it will be a very enjoyable event.

Simple Method of Measuring Hay

Hay is a valuable commodity and its measurement is a task often faced by farmers. A simple method of measuring hay is to use a hay scale. This scale is a device which is used to weigh hay in a simple and accurate manner. It is made of heavy metal and is designed to hold a large quantity of hay. The scale is then weighed on a platform scale to determine its weight. This method is simple and accurate and is widely used by farmers.

Government Planning Ensures the Proper Development of Alberta's Oil Wealth

Although Alberta has been known as an oil producing province for some thirty years, discovery of the latter field in 1917 really brought it into prominence. The province has since become one of the world's great oil fields and now leads in oil production. It is now the largest oil producing province in the world.

The government has been planning for the proper development of Alberta's oil wealth for many years. It has established a series of laws and regulations to ensure that the oil is developed in a responsible and sustainable manner. It has also established a series of agencies to oversee the development of the oil industry.

The government's planning has been successful in ensuring that the oil is developed in a responsible and sustainable manner. It has also ensured that the province's oil wealth is used for the benefit of the province's people.

R.C.A.P. PARA STUDENTS MAKE FIRST RAMP

The R.C.A.P. Para students made their first ramp on the 10th of September. They were accompanied by their instructors and were seen off by their families and friends. The students are proud to be part of the R.C.A.P. Para program and are looking forward to their future service.

A (left) Barclay, (right) Clark with the trans-Pacific foreign members in the western area meeting foreign mail. The solving of puzzles is a daily occurrence in the western area.

Solving Asiatic Puzzles Daily Problem in Vancouver P.O.

All Canadian letter carriers and meters must be adept in deciphering the horrid phras of ciphers or puzzle writers and be a combination of guesser, detective, and graphic artist in getting the mail to the right address. But none have a more difficult task than those of Vancouver, who find it difficult to solve mail in Asiatic languages.

The Vancouver Post Office has a special section for the handling of mail in Asiatic languages. This section is staffed by letter carriers who are fluent in the languages of the region. They are responsible for ensuring that the mail is delivered to the correct address.

Urges Poultrymen To Make Use of Aka. Hatching Eggs

The Minister of Agriculture has urged poultrymen to make use of Aka. Hatching Eggs. These eggs are of high quality and are suitable for hatching. They are also of a variety of breeds and are available at a low price.

The Minister has also urged poultrymen to use the services of the Poultry Research Station. This station is responsible for the production of high quality hatching eggs and for the distribution of these eggs to poultrymen.

Large Number of Alberta Entries Expected for East Grain Shows

A large number of Alberta entries are expected for the East Grain Shows. These shows are held annually in the eastern provinces and are a major event for the grain industry. They provide an opportunity for farmers to display their products and to compete for prizes.

The Alberta entries are expected to be of high quality and to attract a large number of visitors. They will be a major attraction at the shows and will provide a valuable opportunity for farmers to showcase their work.

Restaurant Chefs know... Aluminum is friendly to food!

From short order cooks to the head chefs of famous hotels, men who demand the best of their kitchen utensils appreciate aluminum. They know the food friendly nature, corrosion resistance and quality service, and aluminum is prepared more easily in quick and even heating.

Aluminum is friendly to food! It is a material that is safe, durable, and easy to use. It is the perfect choice for restaurant chefs who want to ensure that their food is prepared in the best possible manner.

now better than ever...
3.21% PER YEAR IF HELD TO MATURITY
HOLDINGS IN ANY ONE NAME LIMITED TO \$5,000

Cashable at full face value plus interest at anytime

10000	5000	1000	500	100	50	10	5	1	50c	25c	10c	5c	2c	1c
10000	5000	1000	500	100	50	10	5	1	50c	25c	10c	5c	2c	1c

FIRST INTEREST COUPON
COVERS TWENTY ONE MONTHS

Canada Savings Bonds - Sixth Series - have a "life" of 10 years and 9 months from date of issue and over 10 coupons of equal value. The first coupon covers 1 year and 9 months and is payable on August 1st, 1953; subsequent coupons come due August 1st yearly thereafter until maturity. If cashed before August 1st, 1953, simple interest is paid at 2% per year (calculated monthly). This is because "dividing up" the face coupon payments over the period of 1 year and 9 months comes out to this "one-per-year". This "one-per-year" gradually increases as each coupon becomes payable until, for a bond that is held for its full term, the average annual interest rate reaches 3.21%.

Windsor's gift to Prince Charles, the Duke of Cornwall, was a large, ornate building, likely a church or school, which was presented to him by the people of Windsor.

Buy Apples by Variety as Well As by Grade Say Economists

The great variety and quality of apples available in Canada is a fact that is often overlooked by consumers. Economists advise that buying apples by variety as well as by grade can result in significant savings.

Some of the early apples, such as the McIntosh and Red Delicious, are now available in large quantities. These apples are known for their excellent taste and quality.

By buying apples by variety, consumers can ensure that they are getting the best quality apples available. This is especially true when buying apples from local growers, who often produce apples of superior quality.

Rental Control Board's First Five Months Prove Active

The Rental Control Board has been very active in its first five months of operation. It has received numerous complaints from tenants and landlords regarding rent increases and other rental issues. The Board has been working to resolve these issues as quickly as possible.

One of the Board's first actions was to establish a system for monitoring rent increases. This system has been very effective in ensuring that rent increases are reasonable and justified.

The Board has also been working to educate tenants and landlords about their rights and responsibilities. This has helped to reduce the number of complaints and has improved the overall rental market.

READ SIGNS OF LIFE NEED

A Safe Driver in An Unsafe Car—Cancel Each Other Out

Having a safe driver in an unsafe car is a dangerous combination. The same is true for an unsafe driver in a safe car. Both situations can result in accidents and injuries.

To ensure the safety of everyone on the road, it is important to cancel each other out. This means that if you are a safe driver in an unsafe car, you should cancel your insurance. Similarly, if you are an unsafe driver in a safe car, you should cancel your insurance.

By doing this, you can help to reduce the number of accidents and injuries on the road. This is the only way to ensure a safe driving environment for everyone.

"OPERATION ALUMINUM"

Aluminum is being put to many uses these days. From the construction of bridges and buildings to the production of consumer goods, aluminum is everywhere.

The Aluminum Company of Canada is a leader in the production and distribution of aluminum. We have a wide range of products and services to meet the needs of our customers.

Our products include aluminum sheets, plates, and extrusions. We also offer a variety of services, including design, engineering, and fabrication.

At the Aluminum Company of Canada, we are committed to providing our customers with the highest quality products and services. We are also committed to environmental protection and sustainable development.

For more information, please contact us at 1-800-387-2222.

Writer Favors Abolition Of Homework

A prominent writer has expressed his strong support for the abolition of homework. He believes that homework is a waste of time and that it does more harm than good.

The writer argues that homework interferes with a student's ability to learn and that it causes unnecessary stress. He also points out that homework is often done by parents, which is not the intended purpose of the assignment.

He concludes that the best way to ensure that students are learning is to focus on classroom instruction and to provide students with a variety of learning opportunities outside of the classroom.

U of A Gets Research Grant to Study Better Storage Problems

The University of Alberta has received a grant from the National Research Council of Canada to study the problems of food storage in the province. The grant is for a period of two years and is valued at \$10,000. The study is being conducted by Dr. J. H. Ridd, professor of food science and technology at the University of Alberta. Dr. Ridd is one of the leading authorities on food storage in Canada. He has been instrumental in the development of many food storage programs in the province. The study will focus on the problems of food storage in the province, particularly in the areas of food preservation and food storage facilities. The study will also look at the problems of food storage in the home and in the commercial sector. The results of the study will be used to develop programs to improve food storage in the province.

Santa Will Arrive — Soon —

We have just received a wire from Santa saying he will arrive at our store at 2:30 p.m. Saturday, December 15 and remain until 5 p.m.

Santa invites all kiddies from the town and country to come and visit him and tell him all the things they would like him to bring for Christmas.

TOYS

We have a wonderful selection of toys for boys and girls. Come in today and choose the ones you want while our stock is complete.

ROYAL FAMILY TOGETHER AGAIN

The Royal Family of Canada, including King George VI, Queen Elizabeth, and their children, gathered together.

Alberta Recreation Association Organized at Recent Meeting

The Alberta Recreation Association was organized at a recent meeting held in the city of Edmonton. The meeting was attended by representatives from various recreation organizations across the province. The association was formed to promote and coordinate recreational activities throughout Alberta. The first meeting of the association was held on December 10th, 1960. The association's first task was to establish a list of member organizations. This list included the Alberta Amateur Athletic Association, the Alberta Hockey Association, the Alberta Lawn Tennis Association, and the Alberta Golf Association. The association will continue to work to promote and coordinate recreational activities throughout the province.

Hold Social to Raise Funds

A social will be held on December 18th at the Port Saskatchewan Hotel to raise funds for the Port Saskatchewan Hospital. The social will be open to the public and will feature a variety of entertainment. Tickets for the social are available at the hotel.

The Spiralling Costs of Inflation Tell the Story OF THE GAS RATE ADJUSTMENT and why it was Necessary

GAS WELLS
Cost of Operating and Maintaining Gas Wells Has Doubled

COST PER WELL
1946 — \$2,421
1951 — 5,034

TRANSMISSION
Cost of Operating and Maintaining Transmission Pipelines Up 3 1/2 Times

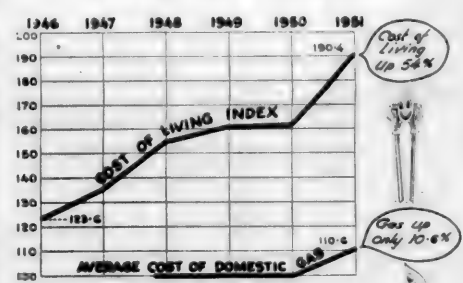

COST PER MILE
1946 — \$130
1951 — 495

DISTRIBUTION
Cost of Operating and Maintaining Distribution System Up 40%

COST PER CUSTOMER
1946 — \$7.52
1951 — 10.74

THE prices of practically everything have soared during the past year far in excess of what anyone could have anticipated during the 1946-50 period. During those years, prices, as indicated by the Cost of Living Index, seemed to indicate that a levelling off had commenced. The price rise in 1950 was only .3 points. The price rise in 1951, however, has already reached 29.4 points — 147 TIMES that of 1950. The present adjustment in the cost of Natural Gas is just a little more than half of this year's general price rise, shown by the Cost of Living Index. It is an increase of only 10.6 per cent over the average cost of domestic gas when the franchise was negotiated.

How the Adjustment of Gas Rates Compare With the Cost of Living Index

When the Natural Gas franchise was negotiated in your community the rates were based on costs which were possible at that time. Since then, however, the cost of everything has spiralled including operating and maintaining gas wells, transmission pipelines and distribution systems. Greater consumption and the resulting higher unit efficiency could not possibly take care of this increase. These factors are, however, helping to keep down rates necessary to maintain good gas service and secure adequate gas supplies. That is why, even with the recent adjustment in gas rates, your Natural Gas Dealer will have nearly as much as it did before. There is currently no other dollar you spend that does so. Natural Gas is still your biggest bargain.

NEW WELLS
Cost of Drilling New Gas Wells to Maintain Supplies Up 23%

COST PER WELL
1946 \$18,477
1951 22,800

PIPELINES
Cost of B Transmission Pipeline Up 76%

COST PER MILE
1946 — \$10,000
1951 — 17,800

Approximately 20c of every revenue dollar is paid out in taxes by Northwestern

The Fort Saskatchewan News and News Telegram will meet at the Fort Saskatchewan Club on January 10, 1935, at 8:00 p.m. The meeting will be held in the club hall.

CIVIL DEFENSE MEETING AT BREXWICK

Mr. Floyd Baker, M.L.A. and Mrs. Baker will address a meeting at the Civil Defense at Brexwick United Church, Wednesday January 10, at 8 p.m.

Information on Sherritt Gordon's Lynn Lake Mine will be found on Page 6.

Little Items Of Local Interest . . .

Little items about ourselves in everyday life go into this column on page 9 of this issue. The success of the column depends on our hearing from local residents — if you have anything of local interest, how about letting us know. Items of progress and coming around town or anything of that nature will be appreciated. Photo captions—Ed.

To Hold Civil Defence Meeting

MR. FLOYD BAKER, M.L.A. and Mrs. Baker will address a meeting at the Civil Defense at Brexwick United Church, Wednesday January 10, at 8 p.m.

Refreshing Change Looked For in Different Layout

Here from the masthead down is a brand new Record. This change from standard to smaller style newspaper has been under consideration for some time, and in December it was decided to start off the new year with a new paper. However, mechanical limitations of our newspaper press necessitated last minute alterations and the change-over had to be postponed until this week.

We are sure that you will find the new Record a very readable paper. And though wrapped up in a smaller packet, it must read probably more news, advertising and newspaper will go wherever you want.

Subscribers and advertisers alike should find our new style paper more easy to read. Smaller pages will allow a better distribution of live news throughout the whole paper and thus to a better balance of news and advertising generally.

However, this change is bound to make a paper more difficult to my readers and about now it is left at the last word only if they approve. We are sure that you will find the new Record a very readable paper.

Calf Clubs Join for Day's Activities

SHERRITT-GORDON Calf Club had a very attractive and enjoyable day at the home of Mr. H. Byers on Friday, December 20. Mr. H. Byers presided over the day's activities. Members of both the Fort and Armstrong calf clubs were present.

During the day were the lecture attractions and the young men and girls showed a very keen interest in the calf raising matter.

The afternoon work of Mr. Byers was difficult to judge, however, nearly half the calf club members passed the course in both the calf and cow course, according to Mr. Fletcher and Mr. Byers. The very successful day was a credit to the work of a team headed by Mrs. Byers and Mr. H. Byers.

Tribute to Mayor

The recommendation by the Chamber of Commerce that Mayor Charles F. Lowe be honored in some manner for his services to the town is heartily endorsed by this newspaper.

Mr. Lowe has worked hard and faithfully, often in the face of adverse criticism, in his campaign to better this town.

We don't feel, however, that the suggestion of renaming a street in his honor is the answer. With the streets now numbered, the name, and especially a new one, would mean but to be lost to sight.

A worthy tribute of a more permanent and prominent nature should be considered before any further action is taken.

A committee could be appointed by the Chamber of Commerce to give this matter the further study it deserves, and might very well be tied in with the official opening of the water system to take place in February.

Farm Safety Rally Contends Open To School Children

The first farm safety essay competition sponsored by the Alberta Safety Council has begun for rural students of grades five, six, seven and eight in Alberta.

The announcement came from B. D. Jorgensen, M.L.A., Chairman of the Farm Safety Rally Committee of the Alberta Safety Council. The competition is open to all school divisions and already about one-third of them have decided that they will participate. Entries from grades five and six will be judged separately from those of grades seven and eight. Awards will be made in cash and trophies for the best essay in each of these two classes.

Personal first prize awards to the authors will be specially designed pins featuring the Green Cross for Safety, flanked by heads of wheat to symbolize agriculture. The school divisions from which the winning essays come will receive handsome wall plaques to commemorate the contest. Some school division superintendents have indicated that their office may provide an additional prize for the young writers.

Human hearts weigh about 11 cm.

Clippings from the Weekly Press

MILESTONE FOR ALBERTA

While no more than confirming expectations, the official announcement that the Sherritt Gordon nickel refinery will be built in the Edmonton district, at Fort Saskatchewan, will be hailed here and throughout Alberta. It not only demonstrates a new use of our natural gas reserves to attract industry, but also marks the beginning of an entirely new type of industry - ore processing. For the latter alone, it may be considered a milestone in industrial progress both in this area and in the province.

The truly significant fact is that a mining company operating in northern Manitoba has decided to ship its ore concentrates 260 miles by rail in order to take advantage of Alberta gas, for its refining. This may volume for the value of gas lost in Alberta.

The Sherritt Gordon decision results from the development - and it was a Canadian achievement - of a new "ammonia leaching" process which requires large quantities of gas. But, from Alberta's standpoint, it should not, for that reason, be thought of as a special and possibly isolated case in the metal processing industry. New methods of refining the ores of various metals are constantly being discovered, and gas will be a vital ingredient in others. Moreover, gas also has a great attraction as a source of heat and energy, while enormous reserves of coal and oil add to the possibilities of ore treatment in Alberta. Actually, this \$17,000,000 plant will be more than a nickel refinery. The ore also will give up large natural amounts of copper and cobalt, both strategic metals, and ammonium sulphate fertilizer. The latter product will certainly be welcome in this vast farming region. The refinery will add about \$300 tons a year to Canada's current annual nickel production of around 157,000 tons, which makes the decision by the world's leading producer. That addition, which may seem comparatively small now, must surely be destined to grow, for a Canadian mining authority has predicted that northern Manitoba eventually will rival the Sudbury region of Ontario as the source of Canadian nickel, and thus of the bulk of the world's supply. This is a large and important industry that is coming now to the Edmonton district. But we may be sure it will grow tremendously and that it is a very long time ahead of it. In time, we may be confident, it will be joined by others of a similar scale. - *Saskatoon Journal*.

GROUPS VISIT COMMUNITY

In the past two years the height of groups of citizens has been reached in the sense where there is a plan for almost anything one wants to foster. We believe that once you have these many who would join a society for the sake of joining such things as "The League of Women Voters," "The Society of Friends," or anything else, the organization a group could be organized. We are not sure that this is a healthy sign. For in the formation of more and more groups of men and women, the leaders of the community are left. Perhaps one of the greatest things that could happen would be the setting up of an overall committee of all organizations in a district leading to the community level. The organization which has a committee of all organizations could act on the support of all organizations and representatives of all and thus of many individuals, could be a very effective force for community action. But when the organizations separate the day to community activity than the organizations lose its usefulness. - *The Daily Citizen*.

MUTTERING FARMERS HARK USE OF FOLICULAR STIMULANTS
 Western farmers in southern Alberta are enthusiastic poultry producers. Farmers constitute an important by-product in the slaughter of many thousands of prize ducks and chickens prior to Thanksgiving. A price of \$1.50 a pound was obtained for the fowl in United States markets. In previous years \$1.00 a pound was obtained in Canadian markets.

Curling Club Plans Spiel
 Fort Curling Club will meet to night (Wednesday) to work out plans for the annual banquet to be held late in February. No details are available yet but the starting date has been set at February 25. Full details will be presented at next week's meeting. Four teams from Lac Seul have already signified their intention of attending the first night.

Summary of Regular Council Meeting Held January 14th

The Council of the Municipal District of Strathcona No. 83 held its regular meeting on Monday, January 14, 1962, with all members in attendance. Minutes of the meeting held on December 10, 11, 17 and 27, 1961, copies of which had been mailed to all Councillors, were confirmed and adopted on the motion of E. Keith.

Consideration was given to the Financial Statement for the month of December, 1961, and the Public Works Statement for the year 1961. After careful personal study statements were adopted and ordered placed on file. The Secretary advised that W. H. Johnson, R.E. McNeil, Scott Edmondson, had consented to be a candidate for civil defense training. He will represent the Municipal District and the Town of Fort Saskatchewan at the third civil defense training course to be held in Edmonton on January 28.

Correspondence from H. N. Leach, Director of the Town and Rural Planning Advisory Board, was read in which he advised that the Council agreed to establish corner posts at all corners of its property, Block 11. The Council did not act on this suggestion in view of the fact that they had as with to participate in any way with the proposed subdivision of Block 11, as they would later be called upon to give their approval and consent to the registration of the subdivision plan.

ADJUDICATE WATER SUPPLY
 Reporting on an interview with the City Commissioners, the Council as a committee advised that the Commissioners were prepared to reply the District Commissioner with water up to a million gallons a day. The Council discussed a letter received from the publisher of the Edmonton Sun with respect to the tentative arrangements entered into with the Council whereby the paper was to be mailed to residents living in certain sections of the Municipal District. The Sun also submitted an account in the Sun of \$200.00, for the three months period ending March 31, 1962. In substituting this account, the publisher pointed out that to comply with postal regulations subscriptions must be paid in advance. They were prepared, however, to refund any amount where the recipients preferred the Fort Saskatchewan Record to the Sun. The Secretary advised the Council that a meeting of the Salisbury Home and School Association would be held at the Red Hat Coal Co. for a building permit to erect coal mine buildings on the site of the 15-55-24-25-26 was submitted to the Council in accordance with previous instructions received, a letter had been mailed to H. N. Leach, Director of the Town and Rural Planning Advisory Board, requesting him to take up with

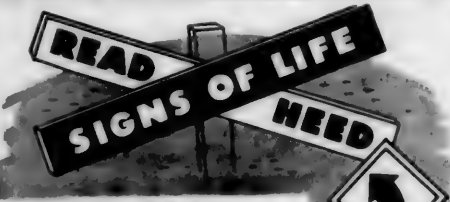

the responsible Minister the question as to whether or not the Council could legally refuse to issue the company a building permit. Considerable discussion to the opening of this coal mine at this location had been expressed by adjacent landowners and particularly by owners of the surface rights.

Correspondence from Messrs. Cairns, Ross, Wilson & Wallacebridge Solicitors, was read in which they advised that their client was prepared to consider the offer of the Council of \$400.00 for damages purported to have been done by the road crew when the work of constructing a roadway across the ravine at the north end of Terrace Heights was commenced. They advised that their client was prepared to consider the offer provided the Council agreed to establish corner posts at all corners of its property, Block 11. The Council did not act on this suggestion in view of the fact that they had as with to participate in any way with the proposed subdivision of Block 11, as they would later be called upon to give their approval and consent to the registration of the subdivision plan.

Courtesy and Safety Go hand-in-hand

CONSIDER AND PRACTICE THEM:
 Objective of safe, courteous driving:

1. Use hand signals to keep the driver behind informed of your intentions.
2. Keep on your own side of the road.
3. When in doubt as to who has the right-of-way, yield to the other driver. He may take satisfaction in having "beat" you... but you'll have the satisfaction of a better chance of living longer.
4. Give the pedestrian the right-of-way.
5. Always remember, you are the "other guy" behind the driver behind you. Watch your mirror manuever and give him a lesson in courtesy.

Be Careful - the life you save may be your own!

To Observe Youth Sunday

January 31, in the Youth Sunday for the Reformed Churches in Canada and the United States. The Scarborough Youth Fellowship plan to observe this day with a special Youth Service in the evening at 8 o'clock. We sincerely hope that all our youth will be present. However, lack of suitable services to attract youth must will cause in the celebration of this significant annual service.

We take greatest pride in the desire of the youth to carry on the song of their forefathers "I Love My Church, O Lord."

Spirit Finals Saturday

Finals of the Farmers' Business started January 11 will be played off this weekend. A second entry of thirty-two ranks showed the running of the year and made the extra play necessary.

His own branch...

He's over a lot behind him... and a lot still ahead, now he becomes manager of his first branch.

Years of work and study and growing responsibility have prepared him. He saw a lot of Canada as he moved to different branches. He got to know the people in farming, suburban and industrial communities, and how they use the bank.

Now he takes over from the man who moves up... and the road to the top is open for both of them.

Call upon the manager of your chartered bank. You will find him experienced, understanding, eager to serve you.

Timothy Farm Shows Erosion Lowers Crop Yields

By B. J. WHITHEAD
District Agricultural

The Dominion Experimental Farm Stationers have compiled the following showing on bushel yields of wheat per acre very due to soil erosion.

Normal and above a good cut, 14.5 bushels.

Sub soil below in cut, 1.5 bushels.

Normal field with 100 bushels per acre on Wind Eroded Soil, 1.5 bushels.

Normal soil, 14.5 bushels. Eroded, 17.4 bushels.

Blow dirt on hillside, 6.7 bushels.

Wind eroded hill, 1.5 bushels.

If only 5 percent of a one section farm were covered to the same extent as second sample grown above, with wheat at \$1.60 per bushel, the annual loss is \$1,700.

This is a very large loss, one which is little appreciated, and it takes place year after year with more soil erosion being added to take place.

We know the answer is forage crop growing and their utilization by livestock, and its individual farmer proposition.

Big litters don't make small pigs.

Pigs from large litters are just as big at weaning time as are the pigs from small litters. And you get more money per pig, and make more money from the larger litters.

That's the story from records collected on 2,200 litters in the past six years. It's good news for pig raisers, or farmers who are afraid that sowing breeding pigs for big litters will make too many runs.

Pigs from litters of 11 or more averaged 12.4 pounds at 60 days. Seven-pig litters averaged only three-pounds or a pound more. The weaning weight of the litters of 11 pigs or more was 375 pounds, while the 7-pig litters averaged

only 353 pounds at 60 days.

Mature sows averaged eight pounds more per pig, and their pigs averaged 1.2 pounds more at 60 days.

Born broods are noted for high production of young pigs. Under average farm conditions it takes 3 hours to pay the cost of sow and litter feed, labor and housing, so that all those hours that go to market out of a litter sow make the profit in hog raising.

Stunted pigs in large litters can be avoided by providing adequate space for crop feeding, giving attention to a balanced diet under most sanitary conditions to avoid disease outbreaks and physical strain. The Alberta Department of Agriculture, Damsa, has made a study of hog raising and has found that a high standard. The department's Veterinary services assist with diseases and prevention of diseases through its laboratory facilities.

Couple Honored

GOOD HOPE — Quite a large crowd gathered at the school on Friday night to honor the bride and groom. The bride, Miss Dorothy White, and the groom, Mr. John F. White, were married by a good lunch served by Happy Gang members.

Mr. and Mrs. Milton Meyer and daughter, Mrs. E. J. Calgary, spent the week-end visiting relatives and friends in the district.

Mr. John F. White was a week-end visitor at the Meyer home.

Mr. and Mrs. George Johnson and son of Edmonton spent the week-end at the Leo Fry home.

THE FORT SASKATCHEWAN

VOL. 32 No. 2

FORT SASKATCHEWAN, ALBERTA, WEDNESDAY, Jan. 25, 1933

Subscription \$2.50 per year U.S. \$3.00

Charter Received By Newly Organized Bruderheim Club.

Patrons are the officials of the Bruderheim Club at their charter night last Tuesday January 23rd. From left to right, standing: Ben Schulte; H. Arthur Nelson, Leonard Krupp and Herman Kneiff. Seated left to right are Gus Schulte, Pres. dent; Lawrence Strong and Emil Mottewinkel. The newly formed club was sponsored by the Fort Saskatchewan Club. Photo courtesy, Edmonton Journal.

Fifth Annual Bonspiel to be Held Week of Feb. 25-29

Fort Saskatchewan's fifth annual bonspiel will be highlighted this year by the awarding of a new 1932 Ford Deluxe Sedan to a lucky ticket holder.

Bonspiel will be held from February 25th to 29th. The first prize will be drawn for at the end of the week on Friday the 29th.

Executive of the Curling Club met last Wednesday night to consider details of the "spiel". D. Banks was appointed bonspiel manager and D. Mackie, bonspiel secretary.

Fifteen hundred dollars in prizes will be awarded across the year in the four events—Grand Challenge, Cississ, Merchants and Combination.

Entry fees have been raised to \$15.00 a rink, but entry fee now includes admission to a curler's banquet to be held on Wednesday evening.

Last year forty rinks battled for the prize awards with the A-Bonspiel rink of Bruderheim capturing the Grand Challenge event. Officials of the club are hopeful of a new even larger entry this year.

G. KROPP ELECTED HEAD

CLOVER BAR LEAGUE

CLOVER BAR. At a well attended annual meeting of the Clover Bar Community League on January 17th the following officers were elected: President, Mr. G. Kropp; Secretary-Treasurer, Arthur Davis.

Members present are extended to raising president Mr. Gordon Clark who has held office for the past three years.

Property Options Held for Planning

Acting on the advice of J. P. Clark, Edmonton District Planning Commission, Council at a continuation of the regular meeting Tuesday night decided to withhold issuance of further options on new property until further information on town planning is received.

Mr. P. Clark and Mr. G. Clark both of the Planning Commission, in a recent letter strongly recommended that provision be made for future development of parks, schools, parking lots, street widening, etc.

A general plan is to be prepared indicating how much public land will be required and where it is to be situated.

An number of options for private residences and business places have been registered at the town hall and will be held in abeyance in some cases where the need is urgent for business option of lots will be permitted.

Sea Cadet Parade

Due to favorable response by towns and district boys a further meeting for Sea Cadet organization will be held Thursday evening at 7 p.m. in the Community Hall.

Boys from the surrounding district as well as from towns are invited to turn out if interested in formation of the Corps.

Boys over the age of 15 years are eligible for entry.

To Start Work on New Well For Reserve Water Supply

International Water Supply Co. will start work immediately on a new well to augment the present water supply. The well is to be drilled a few hundred feet west of the operating well on the river flats.

This will bring the number of wells drilled to four. The first well is now supplying the system and is capable of supplying double the present output.

Second and third level wells were also drilled.

The new well is drilled in an area not required to meet present demand but will be used as a reserve, and may be located into the system at any time.

A permanent pump has been installed and is now ready to be shipped here from the east. It will replace the temporary pump now in use on the operating well.

A pump for the second well has been ordered and is reported in three to four months. The present temporary pump will still be used until the second pump arrives.

Active project where completed, including all test holes and equipment will cost \$18,000.

Frey Rink Wins Farmers' Spiel

Grand Challenge honors to the Farmers' Bonspiel that wound up Saturday night went to the Alf Frey rink who triumphed over Alf Lammertsen's entry to win first prize donated by Joe Fraser, I.R.C. dealer.

Light Industrial Area May be Established Here

At a special meeting held last Thursday afternoon under the auspices of the Chamber of Commerce, a committee was organized to study the possibility of establishing a light industrial area here.

Mr. A. M. Mander and Mr. F. Schreier represented the Chamber of Commerce.

The C.M.E., according to its representatives, is interested in studying the possibility of establishing a light industrial area here.

The railway representatives felt that future development of the town should be made having the railway line in mind. By this they stated it was wiser policy to have industrial areas grow around the railway rather than residential districts.

The discussion was of a very preliminary nature with further meetings scheduled for the near future when more complete details will be taken into consideration.

Emergency Meeting of Teachers To Consider Salary Adjustments

Teacher representatives from all parts of the province were summoned to an all emergency meeting of the Saskatchewan Teachers' Association following a representative held at the Executive session in Edmonton on Saturday.

Meeting was called by the provincial executive of the Alberta Teachers' Association following a series of awards by arbitration boards which in the opinion of the teachers concerned were "highly inadequate."

According to Bro C. Amey, general secretary of the A.T.A., the situation came to a head at the meeting recently when a board of arbitration awarded an across-the-board increase of fifty dollars per year to teachers of the Education Division who refused to accept it.

In reviewing the trend of arbitration board awards of the past year, Mr. Amey, chairman of the A.T.A., said the situation came to a head at the meeting recently when a board of arbitration awarded an across-the-board increase of fifty dollars per year to teachers of the Education Division who refused to accept it.

Floyd Baker to Address Meeting on Civil Defence

YORKVILLE—A joint meeting of Yorkville P.M.A. Local 400 and Port Saskatchewan P.M.A. Local 401 will be held at the home of Mr. and Mrs. B. A. Peterson on Wednesday evening, February 27, commencing at 7:30 p.m. Mr. Floyd Baker will be present and speak on Civil Defence.

Two promises to be a well-attended meeting and members of both locals are urged to be present.

Mr. and Mrs. Baker and Mr. and Mrs. W. J. Kender were served from hospital on Saturday, February 23.

Following the United Church Young People's supper meeting at the church hall Saturday evening, the party of 17 drove to the home of Mr. and Mrs. Kenneth Gable. From there they all went for a sleigh ride in the modern manner with a tractor leading the sleigh. Returning from the ride a lovely lunch was served to wait up a very enjoyable evening.

Nine district residents attending the United Church congregational meeting held at the Port Friday night.

Mr. and Mrs. Baker of Edmonton spent last weekend at the home of Mr. and Mrs. Lloyd Gable.

Mr. Robert Tarnish is at present a volunteer attending the local defence association.

A rush of good by Edward Gable and his family to the home of Mr. and Mrs. B. A. Peterson on Wednesday evening, February 27, commencing at 7:30 p.m. Mr. Floyd Baker will be present and speak on Civil Defence.

Two promises to be a well-attended meeting and members of both locals are urged to be present.

Children Moved to New Hospital

Last week the people of Alberta gave their greatest gift to the orphaned children of the province when the Government took over the orphanage at Yorkville, B.C. Children moved to the new and comfortable Alberta Red Cross Hospital at Yorkville, B.C. on January 23, 1952. It will now serve children from all over Alberta, the Peace River and Northwest Territories. These children cannot afford to be separated from their families.

The new home for the children of eight years of planning and starts a new era in the treatment of Alberta children suffering from or through malnutrition. While it is true that only one child is now admitted to the new hospital, it is equally true that the children who are admitted to the new hospital are the children who are the most in need of the new hospital.

The children who are admitted to the new hospital are the children who are the most in need of the new hospital. PREPARATION OF ASSESSMENT ROLL 1952
Notice is hereby given that the assessment of the provision year has been adopted under the provisions of The Assessment Act, and that the assessment roll of the said municipality has been duly prepared, and that if any person thinks that any property has been wrongfully assessed, or assessed to high, or too low, or that the name or the value of any other person has been wrongfully entered upon or omitted from the roll, he may at any time prior to the 31st day of January, 1953, notify the secretary-treasurer in writing of the particulars and grounds of his claim.
Dated at Strathmoor, Alberta, this 27th day of December, 1952.
D. ROBERTS, Secretary-Treasurer.

Planning Commission States Need Of Mining Regulation in District

The establishment of a "Mining Board" to regulate mining and quarrying in District Planning has been recommended by the Minister of Mines and Technical Surveys in a recent report to the Planning Commission at its January meeting.

The personal action from a report by a special committee was presented by Mr. H. H. Lusk, Director of Town and Rural Planning, Mr. Neil Lusk, Town Planner of Edmonton, Mr. G. H. Mayer, Mayor of the Municipal District of Strathmoor, and Mr. S. H. Parnis, Councillor of the Town of Beverly. While stating that "absolute prohibition of mining is unnecessary and impractical," the report argues strict control or prohibition of "mining and quarrying in urban areas reserved for urban development or certain types of industrial

In recent months the need for some degree of mining regulation within the Edmonton Planning District has been expressed by the move of a local city company to begin mining in the Whitehorn Creek area just beyond city limits. An area designated as a protective green belt on the Commission's Broad Land Use Plan. The discovery of uncontrolled mining in the metropolitan area has been demonstrated within the City, in the town of Beverly and in the town of Strathmoor, where uncontrolled mining, or makes costly and hazardous, desirable residential and industrial development.

Specifically, the report recommends the establishment of a "Mining Board" composed of technically competent members, which would operate in much the same way as the Board of Public Utility Commissioners. It would have power: (1) to prevent, with compensation, the proposed mining or quarrying development; (2) to allow the development subject to restriction as to (a) method of working (b) rehabilitation of surface, (c) protection against subsidence.

Alarming Accident Toll in Alberta

Motor accidents in Alberta last year reached the alarming total of more than 11,000 according to a report received by the A.M.A. There were 152 traffic deaths, of which 147 were at various points between the cities of Edmonton, Calgary, Lethbridge and Medicine Hat.

Officials of the A.M.A. which has been a leading advocate of highway safety measures for years, are taking steps to study the traffic situation in the view to bringing about a substantial reduction in highway accidents. While police report that their patrols have been increased, especially at points along the Calgary-Edmonton and other highways where speeding and reckless driving are prevalent there is a strong feeling that other remedial steps are necessary to curb highway accidents.

Many of the fatalities were at level railway crossings. Others occurred when motorists collided with parked trucks while loaded on car crashes also took their toll. The volume of traffic in Alberta is showing a steady increase, which is likely to be another contributing factor.

After matters. The technical staff was instructed to investigate the need for some form of urban development between Fort Saskatchewan and the City of Edmonton. A committee was established to study the problem. It is expected that the committee will report to the Planning Commission at its next meeting. A Budget of \$100,000 for the year 1953-54 was approved. The chairman announced that the terms of 1953-54 will be principally in urban growth and water.

Picture (shown) is an example of the type of children who are born in Canada today. (Photo by H. H. Lusk, Nov. 11, 1951.)

What will his eyes see?

His eyes, so far, have seen little more than his mother's face. Soon they will see further... his home, his school, his town, his province, his country—the Canada that one day will be his.

From year to year, The Royal Bank of Canada's Annual Financial Statement is a measure of Canada's vitality and growth. The figures are cold, as figures must be, but the story they tell is an exciting story for you and for your children.

Total assets of the Royal Bank have now passed the \$2.5 billion mark, a figure never before reached in Canadian banking history. Total deposits exceed \$1.4 billion, another Canadian record. Interest-bearing deposits of nearly \$1,124,000,000—the highest point ever reached by the bank—are an indication of the confidence of Canada's citizens. Loans to Canadian farmers, businessmen, to manufacturers, to firms large and small, and to individuals exceed \$600,000,000.

These impressive figures are more than an index of the Royal Bank's record of accomplishment; they are a clear indication of Canada's economic health, and the scale of opportunity that is ours.

THE ROYAL BANK OF CANADA
ONE OF THE WORLD'S GREAT BANKS, GROWING WITH A GROWING COUNTRY
TOTAL ASSETS EXCEED \$2,500,000,000

POPULATION—Canada's population has increased 82.2 per cent in 20 years. In 1937, 10,000,000 people lived in Canada. Today, 20,000,000 live in Canada.

MANUFACTURING—The value of manufactured goods produced in Canada between 1940 and 1951 has increased 100 per cent. Canada is one of the world's leading primary countries.

HYDRO-ELECTRIC DEVELOPMENT—The value of hydro-electric development in Canada between 1940 and 1951 has increased 100 per cent. Canada is one of the world's leading primary countries.

HYDRO-ELECTRIC DEVELOPMENT—The value of hydro-electric development in Canada between 1940 and 1951 has increased 100 per cent. Canada is one of the world's leading primary countries.

The biggest little book in Canada

ONLY YOU know the personal story your bank book tells. Did you know there are 8,000,000 such bank books in Canada? Each contains information that is strictly private, each represents "money in the bank".

Your money is part of the grand total of these little books — a great pool of deposits mobilized and safeguarded in Canada's 3,700 branch banks.

Your money in the bank and that of millions like you, enables the banks to provide the credit that helps keep Canadians producing, manufacturing, marketing.

That is how you help the chartered banks serve Canadians.

One of a series
by your bank

Civil Defence

By Wm H Johnson

Civil Defence Representative for the M.D. of Strathcona and Town of Fort Saskatchewan.

To the people of Fort Saskatchewan and Municipal District of Strathcona, here is a letter from your Civil Defence Institute.

It is a way of saving lives and property of protecting you and your family should war strike Canada. It is a way of helping to keep you going and to keep production going in spite of atomic, biological or chemical attacks. Civil defence is YOUR defence.

1. WHY SHOULD WE PREPARE?

Because in event of war, there is a strong possibility that Canadian cities and even smaller centres would be attacked with atomic bombs. As long as this possibility exists the sensible thing is to prepare to meet it effectively. Civil defence is a form of insurance against disaster which may or may not come.

2. WHO IS NEEDED?

Everybody. Every body and unit help in the responsibility of each and every citizen. At least 50,000 Canadian citizens are in civil defence training immediately. Everyone requires intensive education in self protection.

3. WHEN WILL WE BE NEEDED?

Right now your own back yard may be tomorrow's front line. Today the planes of any possible enemy country can reach every major city in Canada. The hour may not strike this year, next year or in ten years, but it could strike tomorrow — we must be ready.

4. WHERE SHOULD WE APPLY?

Local governments are responsible for the provision of an organization that will give people the opportunity to work together as a team. Watch your local paper and one how civil defence is being organized in your community. Then offer your services.

5. HOW CAN WE PLAN FOR DISASTER?

Since the whole idea of civil defence is to help protect yourself and your community, it is your responsibility to learn what is going on, to offer your services, to study available publications to prepare your home against possible attacks. The responsibility is yours — no one can do these things for you.

Remember — Preparation is the chief of time! Organize now. If we never meet what we learn in Civil Defence, we lose nothing, but if we never learn what we need, we may lose everything.

FWUA Meeting

ADDROSSIAN-The Addroasian F.W.U.A. held their monthly meeting at the home of Mrs. C. R. Ford on February 8. A good number of members were present, and a lively discussion of future entertainment and business took place.

Mrs. D. R. R. read an interesting bulletin on Hives. At the close of the meeting a tasty lunch was served by the hostess.

The next meeting will be at the

Book Appreciation

"The Flying Saucers Are Real"

By Jim Richardson

Xi Kinsler, Fort Saskatchewan High School

That is a very strange and mystifying book, written by a very thorough author, Donald Keyhoe, who is a reporter for the Fort magazine. About three or four years ago he was sent out to find out all the information he could get on the mystery of the flying saucers.

School Flashes

On Thursday night, February 11, the Fort hockey team will venture to Leduc for a game. Plans are to charter a school bus if a sufficient number of boosters wish to go along with the players. The Fort team will need our support at Leduc, aside on a chartered bus to Leduc—round fare tickets—on Valentines Day.

BIOGRAPHY

Marie Davron, since her birth on July 29, 1904, has acquired many likes. She definitely likes skating, swimming, golf, driving, discolored music and collecting records.

Onions, and playing cards and robbers with a perfume slowness for a gun are her most outstanding dislikes. She is now taking grade twelve in one year, and has plans of becoming a school nurse. "Tom" is her favorite saying, meaning "yes".

Bill Duncan, the boy with the dark wavy hair, was born on Mar. 22, 1934. Bill is interested in all sports and runs in the mile race every year on May 24th. Other likes are swimming, skating, ice cream and girls. His dislikes are few, if any. Bill is undecided yet about his future. "Hi ya chickie" is his most used expression.

Home of Mrs. Fred Steers on March 4.

Mrs. Lois MacEwan who has been employed on the nursing staff of the University Hospital will leave on the Empress of Canada for a holiday in Scotland.

KOREANS GET LESSON ON HANDLING BREN GUN

Close co-operation between the South Korean navy and the Canadian navy is being demonstrated in the working of a Bren gun. A.B. Jerry Peterson of the Canadian navy is showing the Koreans how to handle the Bren gun. The Koreans are being trained by the Canadian navy.

Farm Groups Hear Defence Lecture

YORKVILLE—The Yorkville PUA and the Fort Saskatchewan FWUA combined for their February meeting to call this both groups might have the opportunity of hearing Mr. and Mrs. Floyd Baines of Edmonton before the Civil Defence.

Meeting was held at the home of Mr. and Mrs. E. A. Baines on February 6 and was attended by about 30 members.

Mr. and Mrs. Baines are to be commended for their work in the promotion of civil defence training which is essential, not only in time of war, but in any national emergency.

Their lecture, which included a demonstration on fighting bombs, using the air-raid pump and bomb, also included a demonstration on the use of the respirator, and showing the type of clothing suitable to be worn when working in a contaminated area following gas attack, were most interesting and instructive. The need for training in first aid was emphasized also.

Two films were then shown, the first, entitled "A Year of Two Chances" showing the effects of the atomic bomb attacks on Hiroshima and Nagasaki, and the second showing how shelter can be provided.

Mr. Baines thanked Mr. and Mrs. Baines on behalf of all present, following which lunch was served by the hostess.

Mr. and Mrs. Baines will be speaking on several occasions at Fort Saskatchewan in the near future and it is to be hoped that they will avail themselves of the chance to obtain valuable information of the important and timely subject.

Mrs. Alice Baines of Vancouver arrived by plane Friday to spend a few days with her mother Mrs. Veronika and her brother B. Baines.

Mrs. Veronika is 80 years young on Feb. 18, and (friends will be pleased to know) her health is much improved following her stay in hospital.

Mrs. Baines returned to Vancouver Monday.

Miss Joyce Gagner of the Great West of home about 10 miles west of home.

Mr. Frank Baines was a patient in an Edmonton hospital recently. We hope his health is much improved.

The Fort Saskatchewan FWUA held a card party Tuesday night Feb. 13 at the home of Mr. and Mrs. Gordon Underwood. Eight tables of cards played. Mrs. E. Baines of Edmonton was the first and Mr. Harold Cunnison was the first.

Mr. H. A. Stetson. Mr. Terry, Dianne and Wynne Boyer of Barty Mountain House are visiting their grandparents Mr. and Mrs. Percy Galloway.

The Chinese language and its dialects are used by nearly 70 million people in the world.

Mr. and Mrs. Galloway are visiting their grandparents Mr. and Mrs. Percy Galloway.

Also on display are neatly styled Duo-Therm Gas and Oil Heaters. If you use Propane we can supply you with a Duo-Therm Gas Heater.

We carry in stock Husco Gas Burners that have proven very satisfactory

For Well-informed Citizens

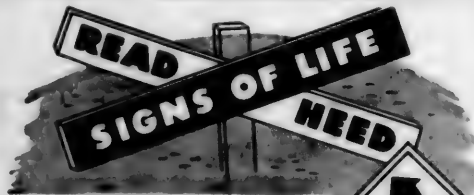

The meeting of the ratepayers held at Partridge Hill last week resulted in the support of a large number of ratepayers in this area—except on that the Municipal Council felt justified in making it an annual affair.

Holding an annual meeting in this area should be welcomed by district residents. It brings the affairs of the municipality back home when the meeting is held in our own community.

Other communities in the district who feel that their ratepayers would get the same support in their area need only get in touch with municipal officials to arrange such a meeting in the future.

Let us hope that many district points take advantage of the offer — the meetings are informative — and well-informed citizens are better citizens.

When usual average feels that it is to the right, there is no personal danger of which it is incapable. —Lough Blair.

Put away your Overshoes, but don't shed your CAUTION!

If the weather pattern runs true to form we can count on another 6 to 8 weeks of hazardous high-way conditions. Sudden short storms, snow and frozen rime slicks will add to the danger.

Don't let a few days of relatively pleasant and safe driving conditions lure you into dropping the caution you need all winter.

Be Careful - the life you save may be your own!

Civil Defence

By Wm. B. Johnson

Civil Defence Instructor, R.R. of Saskatchewan and Town of Ft. Sask.

Last week you will recall I stressed the importance of Civil Defence to you and answered the most prominent questions about Civil Defence. This week I wish to say a little about the Atomic Bomb.

The Atomic Bomb, although the world's most awful and terrible weapon, should not be regarded as a threat. That the Atomic Bomb will set up chain reactions and will set up chain reactions will destroy the earth is sheer nonsense. We can protect ourselves by carefully studying the effects of the explosion, which have occurred, and train ourselves to cope with any situation arising from an explosion of the Bomb.

There are three possible ways of detonating the Atomic Bomb: Air burst, underwater, and on the ground.

The air burst was used on Hiroshima and was exploded at about 1,500 feet. Its effect is probably most lethal used that way.

The underwater method was on performed at Bikini in 1946 and as we haven't water here deep

enough, I think we should not concern ourselves with this manner too much.

The ground burst is exploded at ground level. It was made by test only experimentally so possibly you will learn more about it in the future.

The effects of the Bomb are once again, threefold. They are blast, heat, and radioactivity. The blast is like a constant hurricane force wind outward, about 400 m.p.h.; while it will flatten almost anything in a three-quarter mile radius. Its effects on people are not too serious.

The heat flash travels at the speed of light and like light can get around corners. It can burn fatally and start fires but it is only momentary and protection can be gained by clothing or even a newspaper. Buildings offer complete protection.

Radio activity is the chief distinction between conventional and Atomic Bombs. However, despite all myths, radioactivity shouldn't be dreaded; as effects, except in some cases, are much less dangerous than those of blast or heat.

Our preparations are to get rid of all fire hazards. Examine your home for possible shelter and prepare some fire fighting equipment and window covering handy, know how to cut off utilities and familiarize the family on air raid drill.

Under an attack with warning get to a shelter or large building before the raid occurs; without warning drop immediately where you are and cover your head with your arms. If at all possible get against a wall.

After an attack remains where you are for a time to give instructions to the defence—the Red Cross.

At your Civil Defence class you will learn more of these matters. Plan to enroll when the opportunity arises. Remember, "It's never too late to learn." It's never too late to learn. But if we never learn we need, we may lose everything.

Fourteen Ninks Play In W Bonspiel

Mrs. J. Bonspiel's rink entered the house in the first competition of the Ladies Bonspiel held at Ft. Saskatchewan. Fourteen clubs took part in the "spiel."

SPRING event was won by Mrs. Marmory's rink.

Carling with Mrs. Marmory were Mrs. Bill Gump, Mrs. Helen Smith and Mrs. J. Laid. With Mrs. Marmory were Miss Joan Allan, Mrs. Max Dorothy McCallum and Miss Ada Fisher.

Many spectators crowded the rink to watch some rare shots. Sandwiches, beer and coffee were served in the Club Room.

Polo was developed in India.

Constituency Conference to be Held Here W.I. Meeting Told

A very interesting meeting of the Women's Institute was held last Wednesday afternoon at the home of Mrs. S. E. Thorne. The meeting was opened by reading of the 14th Caled by Mrs. F. H. Wallis. A two minute silence and the reading of "In Memoriam" written by Mrs. A. A. Williston and read by Mrs. G. Grey covered the memory of our late King George VI. "God Save the Queen" was sung in union.

Because of the meeting proceeded, including reading of the "handcraft" entry list for the Constituency Conference, which will be held in Paul Inglewood in June. Mrs. Thorne was relieved that the

conference of the Women's Institute of the world will be held in Canada in 1934. A suggestion was made by Mrs. W.I. to offer a new shield for Handcraft competition to replace the "W.I." shield. This idea was made by Mrs. J. D. McLean. Arrangements to make the "W.I." a "Traveling Shield" were outlined by Mrs. S. E. Thorne.

A very pleasant break in bad-ness made the time when Mrs. Barbara Pollack sang two selections "I Dream of Jesus" and "Hallelujah." Mrs. Thorne accompanied on the piano by Mrs. Thorne.

The formation of a W.I. club was sent on the agenda and Mrs. F. H. Thorne announced to afternoon the Queen.

Guest speaker for the afternoon was Miss Edith Gillis who was introduced by Mrs. Thorne. Members thoroughly enjoyed the next half hour as Miss Gillis wittily and eloquently told of her experiences during her eight years as a high school inspector near Cheltenham, P.E.I. She told of the gradual breakdown of prejudice against women, her difficulties of transportation which was made by horse and buggy, classification of teachers, her aim which was to teach teachers to teach better and her contact with W.I. members and their valuable work done in that country. She also reported the Indian school on Lunenburg Island. Mrs. Gillis concluded with recalling her work done with the National Film Board, her ill health as a result of over work and her experience of the question of the Principal of the Fort High School. Her interesting talk brought to a close a very interesting meeting.

Due to shortage of time the report of the annual meeting of the Caled Society will be given at the next meeting of the W.I.

M.L.A. Asks People To Express Opinions

A very interesting Social Credit meeting was held Thursday night in the Union Hall. Mrs. W. L. Williston, president of the Caled Society, presided over the chair. The meeting opened with the theme song, two minutes silence in memory of our King, followed by "God Save The Queen."

The chairman then called on Mr. Floyd Baker who explained the purpose of the meeting. Mr. Williston also read a report of the Provincial Convention held in Calgary last fall.

Mr. Baker also gave a short talk on his work with the Social Credit. He explained the purpose of the Social Credit movement.

The new, streamlined automatic gas range has not the new fashion note in modern appliances. It offers COOL, CLEAN, QUICK COOKING plus automatic controls that do all the cooking for you. Make your kitchen complete — your cooking perfect — see your appliance dealer today about a new, easy-to-use natural gas range today.

No Pre-heating is Necessary in Gas Range Boilers. It's quick-searing heat starts searing in hearty, healthful juices as soon as you turn it on. Chops, steaks and other meats are served with a crusty, luscious goodness possible only with the quick, hot, live flame of natural gas. Modern gas range boilers are sleeker too. The only boilers that are — for only live flame consumes food vapors. In even cooking, a gas range is likewise superior. It is the only oven vented for the fresh-air circulation that gives you vapors and odors that are not harmful.

Congratulations, Fort Saskatchewan!

Fort Saskatchewan should take considerable and justifiable pride on the completion of its new and modern town water system—surely a development that speaks for its faith in its own expanding future.

In this connection, since our announcement to open a modern nickel refinery in Fort Saskatchewan was made, there have been many complimentary things said about Sherritt Gordon by the press of Alberta in general, and of Edmonton and Fort Saskatchewan in particular.

The decision to ship our ore concentrates the 860 miles to Fort Saskatchewan, as shown on the map, was made after careful consideration. We are pleased to come to this progressive and forward-looking community—and glad to be able to share in its further growth!

Warm Welcome in Cold North

Group Captain R. J. Gray, left of Ambrose M.D. commanding officer of the RCAF's most northerly air station at Whitehorse, Y.T., is seen extending a warm welcome to Flying Officer I. E. S. Hutchins of Vancouver, officer in charge of the first party of aviators to serve in the north since World War II. Fresh from RCAF train-

ing schools all over the country, the visitors arrived by air to assume new duties in Canada's expanding military program.

Clover Bar Carnival Big Success

CLOVER BAR—Our risk committee spared no pains to ensure the putting on of a successful Carnival. Parking facilities, benches, lighting and good acts, smooth ice and swift weather—all had been provided. Given Daly was certainly of Miss Popularity, with Dancer Marlene close behind. The prize were an electric blanket and a handsome dresser set. An exceptional Dick Dumais, dressed up as a clown and did a splendid job. Mr. and Mrs. E. Keith were presented with a prize as the oldest and best-dressed couple present.

The topic of Civil Defence, sponsored by the Strathcona M.D. will be discussed at our school on Monday, February 28. In view of our favorable location, it is of vital importance that as many as possible attend. Young and old—all are welcome.

We are all glad to hear that Betty Meyers is confined to hospital at the city.

The Explorers and Mission Band met at the church for a Valentine.

HONEST FOOD

CHILDREN LOVE FIRE

Small children are always fascinated by fire. Therefore matches, cigarette lighters or any other means of producing flame should always be kept out of young fingers. Sadly and sometimes fatal fires result from children playing with fire. Vessels containing boiling liquid should never be left where toddlers could pull them over or fall into them. The hot water tap, too, may prove a snare if those tiny fingers can reach it.

NABISCO
SHREDDED
WHEAT ...100% WHOLE WHEAT
Canada's Great
LOW-PRICE CEREAL

Your good health depends on something good! And that's exactly what you get when you serve NABISCO SHREDDED WHEAT for breakfast. It's made from 100% whole wheat, including bran and wheat germ. This delicious cereal costs just a few cents, too—really saves you money on breakfast!

Dinner News

Over forty young people gathered at the home of Mr. and Mrs. Wm. Schreiber to enjoy an evening of games and dancing on Wednesday evening. The affair was sponsored by the P.U.A. Junior Ladies Club. Miss Helen Schreiber was hostess for the evening.

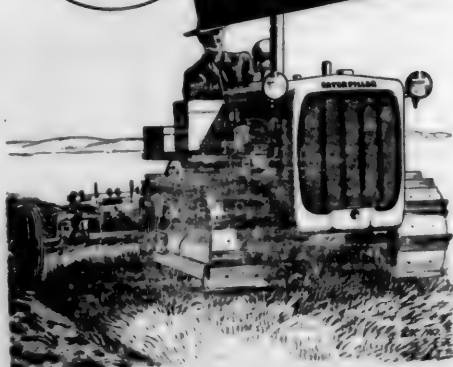

Mr. Cyrie Williamson is in hospital in Edmonton, recovering from an operation. We extend to him our wishes for a speedy recovery to normal life.

Timely Farm Notes

Testing Seed Grain at Home

By B. J. WHITEHEAD
District Agricultural

Requests for germination tests, at the Dominion Products Division, Calgary, are increasing daily. Long offered for sale must be tested by the Plant Products Division, but farmers who stand to lose

their own grain for seed tests to ensure the reliability of the results.

Plant the seed in a test box, a faster method than the usual method, but also a more accurate one. The test box is a small, portable, and easy to use. It is made of wood and has a lid that can be opened and closed. The seed is placed in the box and the lid is closed. The box is then placed in a warm, moist environment. The seed will germinate and the results can be seen through the lid.

The test box is a small, portable, and easy to use. It is made of wood and has a lid that can be opened and closed. The seed is placed in the box and the lid is closed. The box is then placed in a warm, moist environment. The seed will germinate and the results can be seen through the lid.

A comparison of the two tests will show whether or not the growing ability of your grain has been affected by the moisture content. If the undried sample germinates well, the grain in the bin is probably suitable for seed. If the sample is low in germination but the dried sample is up to expectations, the grain from which the samples were taken will have to be dried before you can depend on it for seed. If you are not able to dry it, you should look elsewhere for seed.

Remember that samples sent for germination tests to the Plant Products Division are dried at the laboratory before testing. If, during the bulk of grain from which the sample was taken is not likely to grow nearly so well as the test indicates unless it dried before use.

WINTER CARE AND MANAGEMENT OF SHEEP

Strength and size of lambs are greatly influenced by the ration fed to ewes. Certain feeds may be satisfactory from the standpoint

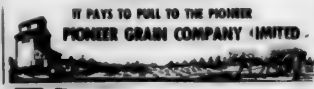

of grain feeding during the winter months. The ration fed to ewes should be fed during the winter months. The ration fed to ewes should be fed during the winter months. The ration fed to ewes should be fed during the winter months.

Grain feeding is a necessary part of the winter ration. The ration fed to ewes should be fed during the winter months. The ration fed to ewes should be fed during the winter months. The ration fed to ewes should be fed during the winter months.

Ewes that are seriously underfed during the winter months will produce a weaker lamb crop. The ration fed to ewes should be fed during the winter months. The ration fed to ewes should be fed during the winter months. The ration fed to ewes should be fed during the winter months.

OPPORTUNITIES EXIST FOR COMMERCE LADIES

There's a service career for women...

Limited numbers of women are being accepted now in the regular service of the expanding Royal Canadian Air Force. In the R.C.A.F. there are many jobs especially suited to the ability of women—jobs from which women can release time for other duties, or give valuable assistance. Women may be accepted for enrollment in any of the following trades:

PRINTERS CONTROL OPERATORS • COMMUNICATIONS OPERATORS • CLERK-ACCOUNTANTS • MEDICAL ASSISTANTS • RADAR TECHNICIANS • ARMAMENT TECHNICIANS • METEOROLOGICAL OBSERVERS • SUPPLY TECHNICIANS • DENTAL ASSISTANTS • SAFETY EQUIPMENT TECHNICIANS

The women who are accepted into the R.C.A.F., receive the same pay, rank and trade groupings as for airmen. To qualify, you must be single... be between 18 and 29... and have Grade 10 education or the equivalent. Veterans up to 40 years of age are eligible.

See the Career Counsellor at your nearest R.C.A.F. Recruiting Unit—

Home Economists Suggest Appetizing 'Tillers' for Planning Meatless Meals

Meatless meal planning is a difficult problem anytime, always comes to be at its most bother-

some to hostesses when the family is asked to entertain. The meatless meal is not only a test of the hostess's ingenuity, but also a test of her ability to make the most of the ingredients available. The hostess who is faced with this problem should first consider the menu. There are many delicious meatless dishes that can be prepared with a minimum of effort and expense. Some of the most popular are soups, salads, and casseroles. These dishes are not only easy to prepare, but they are also very economical. The hostess should also consider the presentation of the food. A well-planned meatless meal can be as attractive as any meal that includes meat.

First of all, select a menu. There are many delicious meatless dishes that can be prepared with a minimum of effort and expense. Some of the most popular are soups, salads, and casseroles. These dishes are not only easy to prepare, but they are also very economical. The hostess should also consider the presentation of the food. A well-planned meatless meal can be as attractive as any meal that includes meat.

Vegetables should be prepared in a variety of ways. They can be boiled, baked, or fried. The hostess should also consider the presentation of the food. A well-planned meatless meal can be as attractive as any meal that includes meat.

DEVELOPED NEW VARIETY OF BEER

A German farmer-landlord says he has developed a new variety of beer that will grow in any climate. Last fall he harvested five tons of the rice on his farm in Bavaria. He said the seed was brought to him from the Sultan mountains during World War II.

Annual Ratepayers Meeting
Continued from Page One
In themselves and to others if the fact alone.

REVERSE DOLLAR
The breaking news of the Reverse Dollar, showing how the money was received and how it was spent was the best item on the agenda. This has proved very successful and given a clear picture to the ratepayers just what happens to every dollar received.

The Field Supervisor, Mr. E. J. (Name) then gave his report and the financial statement for the year. Many questions were asked regarding the handling of funds, and sending of same also on Reverse Dollar.

The questions regarding the official weekly paper also came up for discussion at this meeting. Some

Newlyweds to Make Home Here

YORKVILLE — A wedding of interest took place at the Catholic Church, Yorkville, on Monday, January 21, when Miss Thomas Thompson, daughter of Mr. and Mrs. A. Thompson, was married to Mr. M. M. Martin, son of Mr. M. M. Martin, and the ceremony was performed by the Rev. Father.

The bride who was given in marriage by her father was lovely in a gown of white satin and lace, accompanied with a long train and a long veil. The bride and groom were accompanied by a white headdress, and the carried a bouquet of red roses. The only jewelry was a pearl chain with small gold cross, a gift of the groom.

Following the ceremony about one hundred guests attended a reception at the home of the bride's parents. The couple will make their home in the Port district where the groom is employed.

Several local residents attended the Agricultural Show Course held at the Agricultural Gardens for three days last week. According to all reports it was one of the most successful yet held.

On Monday evening Feb. 25, about 50 relatives and friends called to extend best wishes to Mr. and Mrs. M. M. Martin on their recent marriage. The evening was spent in dancing, after which refreshments were served.

Butterfly Sure Sign of Spring?

First evidence of the rapidly melting snow of spring is active butterflies. There is a small yellow butterfly that came out to test the weather today.

IN MEMORIAM

In loving memory of our mother, Mrs. Emma Wagner, who passed away February 26, 1952. We do not forget you, or do we forget you. We think of you often, and will to the end. God and forgiveness by some you may be. But dear to our memory you will remain. Ever remembered by her sons and daughters.

Lions Carnival Next Week

At an executive meeting last night, meeting Fort Lions Club members Lions Club drew up final plans for their big winter carnival to be held next week.

Plans for the carnival include open skating exhibition, costume parade and races etc. The Fort Lions Club will also be in attendance during the carnival.

Closing of the Carnival Week will highlight the evening. Those contestants are currently appearing in a competition to determine the queen for the year.

Miss Marlow Dawson represents the Fort High School Miss Norma Shindler the Brogdenham Lions Club and Miss Christa Robertson the Fort Lions Club.

Colored lights and spotlight effects will be used during the evening and a decorated throne will be in readiness for the chosen queen.

An exhibition of fancy skating is also scheduled to take place. Prizes will be awarded for the fancy and costume routines, also a prize to be given to the faculty coming the greatest distance to the carnival.

A dance later in the evening will wind-up the carnival.

Many Citizens Observe Official Opening of Water System

Citizens of Fort Saskatchewan watched another milestone in the history of the town last Wednesday evening when they attended the official opening of the sewer and water system.

Officials from the Provincial Government, the C.N. Railway and representatives from city bodies were also present to congratulate the Fort and its citizens for the forward step they had taken.

Mayor Lewis was chairman of the meeting and spoke of the early history of the Fort. He said it is the present day. And said the day had now come when the Fort would move forward.

He urged the citizens to get behind their council and help them in every way they could.

Several other officials also spoke and congratulated the town on the forward step they had taken, and all were of the opinion that the Fort was on the threshold of big developments.

During the evening Fort Legion School Band under the direction of Mr. Elliott played several selections. Also the Fort High School Choral Group under the leadership of Michael O'Brien rendered several songs.

The evening wound up with a buffet luncheon being served in the basement of the hall.

The average human heart weighs about 10 ounces.

Mr. John Logsdail attended the Cold Streamer Lecture Convention in Calgary the first of this week.

Mrs. Joe Latour was a visitor in the Fort Monday. Mrs. Latour is a former resident of Fort Saskatchewan.

Mr. Joe Altheim returned home Thursday after visiting her son, in-law and daughter at Pent River.

Mrs. Mrs. Alvin Robinson of Watskwin were Fort visitors last Sunday.

Mrs. Mrs. Verna White started work last week in the Red and White store.

Miss Marie Robinson is now chief operator in the Fort Telephone office.

Miss Marie Henderson was the misfortune of fracturing her leg in a fall at the skating rink. She is now in hospital, and Marie returned home this week.

Clayton Walker who is serving in the Signal Section of the Canadian Army in eastern Canada will be moved soon to Korea according to reports.

WYE

WYE, The President, Mrs. J. J. Armstrong was in the chair when the Wye Ladies Aid held their monthly meeting February 15 in Mr. and Mrs. Chester Patrick's new home. Letters of thanks were read from the Wye Ladies Aid.

Plans were made for a skating ice on February 22 at Mrs. Gord's home.

Members in town will continue to send a parcel to a different club each month in the school for the winter.

Mrs. J. McPherson was a set of prizes won in the draw for the flower fair.

One member of the group was requested to report the club and any local news available to the press for the coming year.

At the close of the business meeting Mrs. Patrick presented a delicious supper, arranged with the help of the Wye Ladies Aid.

The next meeting will be at Mrs. Ian Stewart's home March 12.

Mr. and Mrs. Robert Higgins have returned from their honeymoon. They are now at home on the Thompson farm. Along with the best wishes extended to them for the future.

Ardressan Club Plans Theatre and Supper Party

ARRESSAN — The United Women met at the home of Mrs. E. Mackay on Wednesday afternoon with about 25 present. Plans were discussed for the coming year's work and activities. Mrs. Hewitt, the new president was in

the chair. Delegates to the W.A. Provincial on March 7 were appointed; namely Mrs. Dewitt, Mrs. Maxwell and Mrs. Wm. Matheson. The members also planned a joint to the city for members and their

children. This will be a theatre party and supper. (Glen has very kindly offered to take us all in the bus and the ones to the East and South to meet at the home of Mrs. A. Bell at 7 p.m. March 10. The ones West at the home of Mrs. Geo. Atterwell. We hope everyone gets out.

Next meeting will be at Mrs. Douglas Horton's March 15.

Mr. M. Fulton left on a trip to B.C.

Mrs. R. Parker is away for a brief holiday.

The men consider their supper a huge success. The plates were well filled and everyone seemed to have a very good time. An interesting and varied program followed. Mr. G. T. Bruce of Edmonton gave a most informative talk on Kama which he had spent a number of years.

The Men's Club wish to thank all who helped to make this evening a success. We noticed friends from Fort Saskatchewan, Partridge Hill, Edmonton, Clover Bar, Bremner, Brookville, as well as other districts.

Mrs. Karl Dowling spent the long weekend the guest of Mr. and Mrs. Jones of Telford.

Arthur Dowling journeyed from Calgary, where he is taking a course in electricity, to visit his parents over the weekend.

A number of the men have been working at the church this week, and it is nearing completion.

Rev. H. Vilella is to speak at Ardrossan church on Sunday, Feb. 24.

A number of ladies journeyed to Edmonton on Thursday to attend the Agricultural Short Course. All report having enjoyed a very instructive day.

The district Short Course is to be held again this year in the Ardrossan Memorial Hall on April 2. The ladies of the United Church will again cater to the guests.

YOUNG MEN AND WOMEN

Did you know that thousands of young men and women from farms, towns and cities across Canada are now taking complete trade training in the Royal Canadian Air Force while receiving equivalent to \$100.00 per month? YOU CAN DO THIS! MEN can train as

Radio Technicians, Electrical Technicians, Metal Workers, Accountants, Aero Engine Technicians, Security Operations and many others. WOMEN can train as Radio Operators, Teletype Operators, Photographers, Stenographers, Accountants, Medical Assistants and many others. Men must be 17 to 30 years of age with Grade 8 education. Women must be 18 to 30 years of age with Grade 10 education. You can make a career of the R.C.A.F. or, if you decide to leave the Air Force after a brief period of service, you will be fully prepared to start at a tradesman's salary anywhere. THINK IT OVER! In these times you must have a trade or profession to demand high wages.

NOTE: Young Men 18 to 24 years or age with junior matriculation can train as Pilots, Navigators or Radio Officers while receiving over \$200.00 per month. Send the attached coupon to the R.C.A.F. Recruiting Unit, 2021 101A Avenue, Edmonton—NOW—for full information. You are not obligated in any way.
